crowdfunding options for film investment Finally I concluded with a discussion of the future of the film industry and the role of investors in shaping up the movie industry I wrote this book out of my deep passion for the film industry and a desire to share my knowledge and experience as a film investor and filmmaker with aspiring investors in this field My ultimate goal is to inspire and motivate readers to pursue their passion and make a positive impact in the film industry In addition I aim to challenge prevalent myths and misconceptions that surround film investment and encourage critical thinking among my audience and readers I also wrote this book with investors filmmakers and academics in mind as there is currently a lack of practical literature on film investment for higher education The existing books on the market are outdated and do not provide relevant information for today's industry
