Washington Papers Volume 5 Booker T Washington, Louis R Harlan, 1977-03 This volume turns from emphasizing Washington's institution building Tuskegee Institute to examine those writings which reveal more about the black leader's growing role as a national public figure Volume 5 covers a period during which Washington's fortunes continued to rise even as those of the black masses for whom he claimed to speak declined Though forced to adhere narrowly to the racial philosophy he had espoused in the Atlanta Compromise address of 1895 Washington nonetheless was able to involve himself covertly in matters of civil rights and politics He used the National Negro Business League as a front for political activity He successfully lobbied against disenfranchisement of black voters in Georgia during November 1899 During these years Washington began behind the scenes civil rights activities that foreshadowed a much more elaborate secret life after the turn of the century He worked with lawyers of the Afro American Council to test in the courts the grandfather clause of the Louisiana constitution of 1898 raising money to pay the legal costs and swearing the other participants to secrecy T Thomas Fortune the leading black journalist of the day was Washington's close personal advisor as he sought to spread his sphere of influence from his southern base to northern cities Also included are writings on the first convention of the National Negro Business League Washington's address before the Southern Industrial Convention in Huntsville Ala and the full text of Washington's first book *The Future of the American Negro* published in December 1899 A fascinating view of Booker T Washington and the milieu in which he operated Volume 5 provides further reason to call the project as C Vann Woodward has done the single most important research enterprise now under way in the field of American black history The Washington Papers continue to provide a rich load of material for social historians Intelligently and imaginatively edited they illuminate not only the life of Booker T Washington but the several worlds in which he lived Allan H Spear *Journal of American History* On the subject of Washington There is no better source to consult than Louis R Harlan's biography and the first volumes of the Washington papers *New York Review of Books* A major enterprise in Black historiography *Times Literary Supplement*
