Industrialization Of Indigenous Fermented Foods Revised And Expanded Hardback:

Industrialization of Indigenous Fermented Foods, Revised and Expanded Keith Steinkraus, 2004-03-26

Industrialization of Indigenous Fermented Foods Second Edition presents the most recent innovations in the processing of a wide range of indigenous fermented foods ranging from soy sauce to African mageu. It serves as the only comprehensive review of indigenous fermented food manufacture from ancient production methods to industrialized processing technologies for clear understanding of the impact of fermented food products on the nutritional needs of communities around the world. Provides authoritative studies from more than 24 internationally recognized professionals on various processing and control technologies, biochemical and microbiological information and manufacturing and production procedures from the United States, Indonesia and Western Europe. About the Author: Keith H. Steinkraus is a Professor Emeritus of Microbiology and Food Science at Cornell University in Geneva and Ithaca, New York, USA. He is the author or editor of numerous professional publications, including the Handbook of Indigenous Fermented Foods. He is a Fellow of the International Academy of Food Science and Technology, the Institute of Food Technologists, the American Academy of Microbiology, and the American Association for the Advancement of Science.

Industrialization of Indigenous Fermented Foods Keith H. Steinkraus, 2004. Completely revised and expanded to reflect the latest advances in the field, this Second Edition serves as the only comprehensive review of indigenous fermented food manufacture from ancient production methods to industrialized processing technologies for clear understanding of the impact of fermented food products on the nutritional needs of communities around the world.
