Book 4 Psychology PB Kurt Jurgensmeier, 2012-08-22 What does Scripture say about the human heart The human heart is where we meet God believe Him and obey Him Which is why the psychological use of heart is used over 1000 times in Scripture not including the hundreds of synonymous references to the human mind spirit soul and conscience Contrary to many there is a lot of psychology in the Bible This book is first a biblical study on the different aspects of the human heart including our reason will and emotions Included is an important chapter on how we change our

heart and thus our life Secondly we discuss the dangers of how the Charismatic movement has elevated emotion over reason in both worship and prayer Finally we correct the common mistake in theology of not distinguishing between the abilities of the devil darkened reason of the unregenerated and the Spirit liberated reason of the regenerated In the process we describe the psychological aspects of conversion
