Islam The Straight Path Book Report:

The Muslim World Book Review, 2006 *Know and Follow the Straight Path* Tallal Alie Turfe, 2015-04-28 Muslims need a passion for unity All Muslims believe and follow the Quran and Prophet Mohammad and highly respect and admire Imam Ali ibn Abi Talib Yet despite similar traditions there is a lack of unity because of an inaccurate understanding of Imam Ali ibn Abi Talib's vision and mission among many Muslims In *Know and Follow the Straight Path Finding Common Ground between Sunnis and Shias* author Tallal Alie Turfe a champion of religious tolerance explores the Quran and traditions to find the common ground and common principles between the Islamic schools of thought He is a strong advocate of intrafaith dialogue that offers the chance for better understanding collaboration and partnership among all Muslims This book is a road map for Muslims to trek the path of truth and certainty in the hope their efforts will lead to a genuine unity as they celebrate their differences as windows of opportunities As they uproot ignorance with knowledge they will learn to cooperate with each other The pledge to unity must begin within themselves within their families within their communities and with each other *Know and Follow the Straight Path Finding Common Ground between Sunnis and Shias* provides the whys and hows necessary to winning that unity **Islam in the African-American Experience** Richard Brent Turner, 2003 The involvement of African Americans with Islam reaches back to the earliest days of the African presence in North America This book explores these roots in the Middle East West Africa and antebellum America **The Straight Path**, 2022-03-06 The book is a compilation of meaning and explanation of Sura Fatiha by the different commentators of Holy Quran and the way Allah teaches us to pray for the Straight Path and that the whole Quran is an answer to this prayer telling us as to what the straight path is The book is bound to serve as a guidance to people who are in search of a straight path to tread upon during their lifetime in order to make their life blissful here and hereafter *Book Review Digest*, 1989 Excerpts from and citations to reviews of more than 8 000 books each year drawn from coverage of 109 publications *Book Review Digest* provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language Reviews of the following types of books are excluded government publications textbooks and technical books in the sciences and law Reviews of books on science for the general reader however are included The reviews originate in a group of selected periodicals in the humanities social sciences and general science published in the United States Canada and Great Britain Publisher **Doctrine of Terror** Mahboob Illahi, 2018-10-02 The book highlights the fact that Islam does not encourage or incite intolerance of other faiths and that it values sanctity of human life regardless of religious affiliation and abhors violence and extremism as being perpetrated by the misguided muslim jihadists of al Qaeda ISIS and their associated terrorist groups that have been wreaking atrocities on defenseless civilian populations of Muslim majority countries including women and children The book describes the inception support and unlimited funding of these groups by the Sunni Arab countries and implores the Funders to discontinue their support forthwith to restore peace and stability to the marginalized

communities particularly the Shia Muslims of the world who have been subjected to persecution for centuries ever since the advent of Islam in the seventh century following the death of the Prophet of Islam in 623 The book also implores the World powers to end their tacit support of terrorism by seriously confronting the supporters of terrorist groups without which the terrorism will not end Islam Unveiled Robert Spencer, 2003-11-25 In Islam Unveiled Robert Spencer dares to face the hard questions about what the Islamic religion actually teaches and the potentially ominous implications of those teachings for the future of both the Muslim world and the West Going beyond the shallow distinction between a true peaceful Islam and the hijacked Islam of terrorist groups Spencer probes the Koran and Islamic traditions as well as the history and present day situation of the Muslim world as part of his inquiry into why the world's fastest growing faith tends to arouse fanaticism Islam Unveiled evaluates the relationship between Islamic fundamentalism and mainstream Islam the fixation with violence and jihad the reasons for Muslims' disturbing treatment of women and devastating effects of Muslim polygamy and Islamic divorce laws Spencer explores other daunting questions why the human rights record of Islamic countries is so unrelievedly grim and how the root causes of this record exist in basic Muslim beliefs why science and high culture died out in the Muslim world and why this is a root cause of modern Muslim resentment He evaluates what Muslims learn from the life of Muhammad the man that Islam hails as the supreme model of human behavior Above all this provocative work grapples with the question that most preoccupies us today can Islam create successful secularized societies that will coexist peacefully with the West's multicultural mosaic Culture and Conflict in Global Perspective Bertelsmann Stiftung, 2010-07-30 Has Samuel Huntington's proposed clash of civilizations actually happened in the post 1945 era Events such as 9/11 2001 or the crisis due to caricatures of Mohammed might suggest it has The topic of culture and conflict has been the subject of fierce debate among scholars and the public alike over the last two decades The Bertelsmann Stiftung which has been committed to promoting international cultural dialogue for many years now is publishing Culture and Conflict in Global Perspective a theoretically informed definition of cultural conflicts and a world wide mapping of such conflicts between 1945 and 2007 The publication is based on an empirical study that explores in what conflicts cultural factors played a role and to what extent they influenced the intensity of violence in the respective conflicts The study and the explanations derived from it form an important instrument to foster cultural dialogue for peaceful coexistence in a globalized world **Islamic Book Review Index**, 1992 **Principles and Practice of Islamic Leadership** Mahazan Abdul Mutalib, Ahmad Rafiki, Wan Mohd Fazrul Azdi Wan Razali, 2022-03-31 This book elaborates the fundamental principles and practices of Islamic leadership and management by highlighting its underlying philosophies key concepts and sources The book closely examines the relationship of Islamic leadership with spiritual leadership and how it shapes the concept of leadership The book also compares Islamic Leadership with other related spiritual leadership concepts such as the Servant Leadership religiosity and other conventional leadership perspectives based on Islamic framework The chapters within the book delve into Islamic

National Library Service Cumulative Book Review Index, 1905-1974: Titles. [A-Z] National Library Service Corporation,1975 *City of the Good* Michael Mayerfield Bell,2020-04-28 How we came to seek absolute good in religion and nature and why that quest often leads us astray People have long looked to nature and the divine as paths to the good In this panoramic meditation on the harmonious life Michael Mayerfeld Bell traces how these two paths came to be seen as separate from human ways and how many of today s conflicts can be traced back thousands of years to this ancient divide Taking readers on a spellbinding journey through history and across the globe Bell begins with the pagan view which sees nature and the divine as entangled with the human and not necessarily good But the emergence of urban societies gave rise to new moral concerns about the political character of human life Wealth and inequality grew and urban people sought to justify their passions In the face of such concerns nature and the divine came to be partitioned from the human and therefore seen to be good but they also became absolute and divisive Bell charts the unfolding of this new moral imagination in the rise of Buddhism Christianity Daoism Hinduism Jainism and many other traditions that emerged with bourgeois life He follows developments in moral thought from the religions of the ancient Sumerians Greeks and Hebrews to the science and environmentalism of today along the way visiting with contemporary indigenous people in South Africa Costa Rica and the United States *City of the Good* urges us to embrace the plurality of our traditions from the pagan to the bourgeois and to guard against absolutism and remain open to difference and its endless creativity *Islam and Good Governance* M. A. Muqtedar Khan,2019-04-08 This book advances an Islamic political philosophy based on the concept of Ihsan which means to do beautiful things The author moves beyond the dominant model of Islamic governance advanced by modern day Islamists The political philosophy of Ihsan privileges process over structure deeds over identity love over law and mercy and forgiveness over retribution The work invites Muslims to move away from thinking about the form of Islamic government and to strive to create a self critical society that defends national virtue and generates institutions and practices that provide good governance
