Katherine Mansfield And The Art Of The Short Story:

Katherine Mansfield and the Art of the Short Story Gerri Kimber, 2014-12-22 This volume offers an introductory overview to the short stories of Katherine Mansfield discussing a wide range of her most famous stories from different viewpoints The book elaborates on Mansfield's themes and techniques thereby guiding the reader via close textual analysis to an understanding of the author's modernist techniques

A Literary Modernist Gerri Kimber, 2008 Discussion of Mansfield's writing technique in the early years after her death was initially subordinate to the overwhelming interest in her personality with the hagiography of her life and praise for her personal writing particularly in France for many years taking precedence over any consideration of her fiction However with the passage of time there has emerged a more balanced and critical viewpoint with an attempt to remove the saint-like ethereal wholly false mask of the author so revered by the French The aim of this discussion is to illustrate how radical and innovative Mansfield's narrative writing would become during her life time ultimately placing her at the forefront of Modernist short story writers Yet even today there are a few critics who tend to concentrate on the facets of Mansfield's personality or her art which tally with their particular literary hypothesis ignoring what does not in order to create their particular version of Mansfield the writer It is not often that one is able to view all the facets which go to make up Mansfield's complex body of work Mansfield was that rare thing a writer exclusively associated with the short story The notional superficiality of her stories together with the premise that the short story is perceived to be a lesser form has meant that many critics have viewed Mansfield as a minor writer It is not known what she might have accomplished had her life not been cut short or whether her narrative art might have gone in a different direction Her legacy comprises roughly ninety stories some incomplete totalling about 300 000 words This study offers a detailed consideration of Mansfield's short stories and her work in the context of a literary Modernist Subjects covered include Mansfield's Narrative Technique Use of Literary Impressionism The Incorporation of Symbolism Sexuality as a Theme Portrayal of Children Use of Humour War and Death

All Sorts of Lives Claire Harman, 2023-01-05 The Sunday Times Best Literary Book of 2023 A Waterstones Best Book of 2023 All Sorts of Lives is a beautiful fastidiously researched and fascinating exploration of Mansfield's life and work

A L KENNEDY Restless outsider masher up of form and convention Katherine Mansfield's career was short but dazzling She was the only writer Virginia Woolf admitted being jealous of yet by the 1950s was so undervalued that Elizabeth Bowen was moved to ask Where is she our missing contemporary In this

inventive and intimate study Claire Harman takes a fresh look at Mansfield's life and achievements through the form she did so much to revolutionise the short story Exploring ten pivotal works we watch how Mansfield's desire to grow as a writer pushed her art into unknown territory and how illness sharpened her extraordinary vitality Would you not like to try all sorts of lives one is so very small What a gift to the biographer this life of adventure and sickness and sex and celebrity Brilliant Sunday Times A searching incisive and compulsive book A lesson in how to read and connect and understand Sunjeev Sahota

The Bloomsbury Handbook to Katherine Mansfield Todd Martin, 2020-12-10 Through her formally innovative and psychologically insightful short stories Katherine Mansfield is increasingly recognised as one of the central figures in early 20th century modernism Bringing together leading and emerging scholars and covering her complete body of work this is the most comprehensive volume to Mansfield scholarship available today The Bloomsbury Handbook to Katherine Mansfield covers the full range of contemporary scholarly themes and approaches to the author's work including New biographical insights including into the early New Zealand years Responses to the historical crises the Great War empire and orientalism Mansfield's fiction poetry criticism and private writing Mansfield and modernist culture from Bloomsbury to the little magazines Mansfield and her contemporaries Woolf Lawrence and von Arnim Mansfield and the arts visual culture cinema and music The book also includes a substantial annotated bibliography of key works of Mansfield scholarship from the last 30 years [The Collected Fiction of Katherine Mansfield, 1916-1922](#) Katherine Mansfield, 2012

The resurgence of interest in Katherine Mansfield 1888-1923 in recent years has grown to the extent that she is now perceived as the most emblematic woman writer of her time Mansfield researchers have been frequently frustrated by the lack of a complete edition of her fiction There are several editions of her stories in print but these omit many pieces not already collected and published in the volumes edited by Mansfield's husband John Middleton Murry after her death from which present collected editions derive This Edinburgh edition of her stories published to coincide with the ninetieth anniversary of her death in 1923 is a truly complete collection of the author's fiction writing The editors have sought to include hitherto uncollected or rarely seen stories and prose fragments as well as the instantly recognisable stories Placed in chronological order and fully annotated with clear concise notes this edition undertakes a complete remapping of the author's fiction output from her earliest childhood pieces to the pitch perfect quality of the mature writer at the height of her craft thereby redefining Katherine Mansfield as a writer for the twenty first century

Re-forming World Literature Gerri Kimber, Janet Wilson, 2017-09 The ground breaking essays gathered in this volume argue that global paradigms of world literature often referencing the major metropolitan centres of cultural and literary production do not always accommodate voices from the margins and writing within minority genres such as the short story Katherine Mansfield is a supreme example of a writer who is positioned between a number of different borders and boundaries between modernism and postcolonialism between the short story and other genres between Europe and New Zealand In pointing to the global production and dissemination of short stories and in

particular the growing reception of Mansfield's work worldwide since her death in 1923 the volume shows how literary modernism can be read in a myriad of ways in terms of the contemporary category of new world literature
