Focus On: 100 Most Popular Unreal Engine Games Wikipedia contributors, **BioWare's Mass Effect** Jerome Winter, 2022-11-24 The videogame series *Mass Effect* is a remarkable rarity not only for being an original science fictional franchise of recent vintage that has risen to such prominent commercial and critical success in popular culture but also for pushing the canonical boundaries of how science fiction as a genre will be experienced and understood in the future This book analyzes the significance of the game for an understanding of the evolving SF genre and articulates an explanatory framework to limn its landmark reception in videogame history This book both synthesizes the burgeoning body

of scholarship on Mass Effect for a readership unfamiliar with either the game or the critical conversation on its salient importance while simultaneously for readers already invested in the science fiction and videogame scholarship mounting an extended inquiry as to why Mass Effect has served as such a representative milestone in videogame and genre history The book should appeal to veteran science fiction and videogame scholars and students as well as a wide variety of fans consumers gamers and general readers

The Digital Role-Playing Game and Technical Communication Daniel Reardon, David Wright, 2021-04-22 With annual gross sales surpassing 100 billion U S dollars each of the last two years the digital games industry may one day challenge theatrical release movies as the highest grossing entertainment media in the world In their examination of the tremendous cultural influence of digital games Daniel Reardon and David Wright analyze three companies that have shaped the industry Bethesda located in Rockville Maryland USA BioWare in Edmonton Alberta Canada and CD Projekt Red in Warsaw Poland Each company has used social media and technical content in the games to promote players belief that players control the companies game narratives The result has been at times explosive as empowered players often attempted to co op the creative processes of games through discussion board forum demands fund raising campaigns to persuade companies to change or add game content and modifications modding of the games through fan created downloads The result has changed the way we understand the interactive nature of digital games and the power of fan culture to shape those games

A Multimodal Approach to Video Games and the Player Experience Weimin Toh, 2018-10-10 This volume puts forth an original theoretical framework the ludonarrative model for studying video games which foregrounds the empirical study of the player experience The book provides a comprehensive introduction to and description of the model which draws on theoretical frameworks from multimodal discourse analysis game studies and social semiotics and its development out of participant observation and qualitative interviews from the empirical study of a group of players The volume then applies this approach to shed light on how players experiences in a game influence how they understand and make use of game components in order to progress its narrative The book concludes with a frame by frame analysis of a popular game to demonstrate the model s principles in action and its subsequent broader applicability to analyzing video game interaction and design Offering a new way forward for video game research this volume is key reading for students and scholars in multimodality discourse analysis game studies interactive storytelling and new media

The Dark Side of Game Play Torill Elvira Mortensen, Jonas Linderöth, Ashley ML Brown, 2015-06-05 Games allow players to experiment and play with subject positions values and moral choice In game worlds players can take on the role of antagonists they allow us to play with behaviour that would be offensive illegal or immoral if it happened outside of the game sphere While contemporary games have always handled certain problematic topics such as war disasters human decay post apocalyptic futures cruelty and betrayal lately even the most playful of genres are introducing situations in which players are presented with difficult ethical and moral dilemmas This volume is an investigation of dark play in video games or game play

with controversial themes as well as controversial play behaviour It covers such questions as Why do some games stir up political controversies How do games invite or even push players towards dark play through their design Where are the boundaries for what can be presented in a games Are these boundaries different from other media such as film and books and if so why What is the allure of dark play and why do players engage in these practices *Women's Space* Melanie A.
