Muhammad Karen Armstrong, 2007-01-01 The New York Times bestselling author of A History of God and The Battle for God presents a fascinating portrait of the founder of a religion that has changed the course of world history

Muhammad Karen Armstrong, 2006-10-17 Muhammad was born in 570 CE and over the following sixty years built a thriving spiritual community laying the foundations of a religion that changed the course of world history There is more historical data on his life than on that of the founder of any other major faith and yet his story is little known Karen Armstrong s immaculately researched new

biography of Muhammad will enable readers to understand the true origins and spirituality of a faith that is all too often misrepresented as cruel intolerant and inherently violent An acclaimed authority on religious and spiritual issues Armstrong offers a balanced in depth portrait revealing the man at the heart of Islam by dismantling centuries of misconceptions Armstrong demonstrates that Muhammad's life a pivot point in history has genuine relevance to the global crises we face today

Muhammad Karen Armstrong, 2009-08-22 *Summary of Karen Armstrong's Muhammad* Everest Media, 2022-05-19T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The Eminent Lives series which pairs great subjects with writers known for their strong sensibilities and sharp lively points of view is an ideal introduction for the general reader the student and the scholar 2 The life of the Prophet Muhammad was as crucial to the unfolding Islamic ideal as it is today His career revealed the inscrutable God's activity in the world and illustrated the perfect surrender that every human being should make to the divine 3 The first biographers of Muhammad wrote about him and his life but they were aware of the complexity of their material and did not promote one theory or interpretation of events at the expense of others 4 The Qur'an is the holy word of God and its authority remains absolute But Muslims know that it is not always easy to interpret Its laws were designed for a small community but a century after their Prophet's death Muslims ruled a vast empire stretching from the Himalayas to the Pyrenees

Islam Karen Armstrong, 2007-12-18 No religion in the modern world is as feared and misunderstood as Islam It haunts the popular Western imagination as an extreme faith that promotes authoritarian government female oppression civil war and terrorism Karen Armstrong's short history offers a vital corrective to this narrow view The distillation of years of thinking and writing about Islam it demonstrates that the world's fastest growing faith is a much richer and more complex phenomenon than its modern fundamentalist strain might suggest *Islam A Short History* begins with the flight of Muhammad and his family from Medina in the seventh century and the subsequent founding of the first mosques It recounts the origins of the split between Shii and Sunni Muslims and the emergence of Sufi mysticism the spread of Islam throughout North Africa the Levant and Asia the shattering effect on the Muslim world of the Crusades the flowering of imperial Islam in the fourteenth and fifteenth centuries into the world's greatest and most sophisticated power and the origins and impact of revolutionary Islam It concludes with an assessment of Islam today and its challenges With this brilliant book Karen Armstrong issues a forceful challenge to those who hold the view that the West and Islam are civilizations set on a collision course It is also a model of authority elegance and economy

Islam Karen Armstrong, 2011-05-12 One of the world's foremost commentators on religious affairs on the history and destiny of the world's most misunderstood religion In the public mind Islam is a religion of extremes it is the world's fastest growing faith more than three quarters of the world's refugees are Islamic it has produced government by authoritarian monarchies in Saudi Arabia and ultra republicans in Iran Whether we are reading about civil war in Algeria or Afghanistan the struggle for the soul of Turkey or political turmoil in Pakistan or Malaysia the Islamic

context permeates all these situations Karen Armstrong's elegant and concise book traces how Islam grew from the other religions of the book Judaism and Christianity introduces us to the character of Muhammed and demonstrates that for much of its history the religion has been a force for enlightenment that promoted liberties for women and allowed the arts and sciences to flourish ISLAM shows how this progressive legacy is today often set aside as the faith struggles to come to terms with the economic and political weakness of most of its believers and with the forces of modernity itself The Prophet's Heir Hassan Abbas, 2021-02-23 The life and legacy of one of Mohammad's closest confidants and Islam's patron saint Ali ibn Abi Talib Ali ibn Abi Talib is arguably the single most important spiritual and intellectual authority in Islam after prophet Mohammad Through his teachings and leadership as fourth caliph Ali nourished Islam But Muslims are divided on whether he was supposed to be Mohammad's political successor and he continues to be a polarizing figure in Islamic history Hassan Abbas provides a nuanced compelling portrait of this towering yet divisive figure and the origins of sectarian division within Islam Abbas reveals how after Mohammad Ali assumed the spiritual mantle of Islam to spearhead the movement that the prophet had led While Ali's teachings about wisdom justice and selflessness continue to be cherished by both Shia and Sunni Muslims his pluralist ideas have been buried under sectarian agendas and power politics Today Abbas argues Ali's legacy and message stands against that of ISIS Al Qaeda and Taliban

Three Religions... One God? Michael Carpenter, 2010-02 There are three major religions in the world today Christianity Judaism and Islam Though these three belief systems intertwine throughout history they are in fact extremely different in both basic structure and ultimately In deity Many people have claimed over the years that the God of Judeo Christianity is in fact the same god of Islam However due to key points of differences in their respective religious texts As well as the nature of God versus Allah in the everyday life of those who practice these religions it becomes clear that God is in fact a completely separate entity from the Islamic Allah despite the fact that Allah is the Arabic word for God in his provocative and inciting work Three Religions One God Author Michael Carpenter inspects the basic tenets of each religion meticulously and shows through textual and well as situational evidence and critical thinking that not only is the god of Christianity and Judaism different from the god of Islam but that the god of Judeo Christianity is in fact the one true god And The deserver of your love and allegiance From exploring the lives of Muhammad and Jesus to decoding the predictions For The end of the world Three Religions One God offers insightful and challenging debate that will inspire readers to make their own foray into the realm of comparative religion Michael resides in Missouri and is the proud father of two children Due to four years of service in the United States Air Force he is a man who likes knowing how things work and enjoys probing intellectual and spiritual discovery

Islam's Mandate: A Tribute to Jihad Mr. Pat, 2010-09-27 This work is based on the religion of Islam and the fundamental Muslims who live by Islamic Sharia law and associate themselves with Sunni Islam or the Shi'a philosophy of the 6th imam Islam's Mandate separates 80 % of the Muslim ummah family who live in Third World countries who cannot read or write from the radical world of Islam as

well as others who continue to associate themselves with the Muslim family but have strayed from the teachings of Muhammad and are less than Islam's Muslim in their way of life. In the book, the author deals with 1500-year-old beliefs of the fundamentalist Islam's true Muslim. The questions asked and answered are what is the true nature of Islam and who are the real Islam Muslims in the mosques who stay hidden behind closed doors. Those who must defend against radical Islam must take their time to understand the Jihadist. It is time America pulls its head out of Muslim sand that is soaked with blood from 1500 years of Islamic aggression and deals with the reality of what was once an oppressed tribal cult in the Arabian Desert but is now a dominating brutal and repressive theocracy spreading to every corner of this planet. Muhammad's Mission

Tilman Nagel, 2020-07-06

Combining vast erudition with a refusal to bow before the political pressures of the day, Muhammad's Mission: Religion, Politics, and Power at the Birth of Islam by Professor Tilman Nagel, one of the world's leading authorities on Islam, is an introduction to three inseparable topics: the life of Muhammad (570-632 CE), the composition of the Koran, and the birth of Islam. While accessible to a general audience, it will also be of great interest to specialists since it is the first English translation of Professor Nagel's attempt to summarize a lifetime of research on these topics. The Introduction, Chapters 1-2, and Appendix 1 provide essential historical background on the Arab tribal system and Muhammad's position within that system; the political situation in pre-Islamic Arabia; the history of Mecca; and pre-Islamic Arabian religions. Chapters 3-5 cover the beginnings of the revelations that Muhammad claimed to be receiving from Allah, paying special attention to the influence on Muhammad of the hanifs, a group of pre-Islamic pagan monotheists attested in the earliest Islamic sources. The hanifs claimed to trace their religion back to the putative original monotheism of Abraham, from which they claimed Jews and Christians had deviated by, among other things, abandoning animal sacrifice. Chapter 6 explains how Muhammad's religious message included a thinly veiled claim to have the right to political power over Mecca, a claim that exacerbated tensions with his own clan and led eventually to his expulsion from Mecca, as recounted in Chapter 7. Chapters 8-10 describe the impact of the hijra on the evolution of Islam. Seeing himself as the true heir to Abraham and the prophets who followed him, Muhammad would demand allegiance from Jews and Christians, as recounted in Sura 2 and other Medinan suras. He would initiate a war against Mecca, not in self-defense but in order to gain control over the Kaaba, the central hanifi shrine, and the new qibla, or direction of prayer, for the Muslims. The Muslim victory at the Battle of Badr in 624 would help to shape a new ideal of a militarized religiosity in which those who waged war under Muhammad's command would attain the rank of true believers, while those converts who refused to make hijra and to fight for Muhammad were relegated to the lower rank of mere Muslims, as Suras 8 and 49 make clear. Muhammad's war against Mecca alienated many of his Medinan followers, the ansar. The refusal of the Jews to convert to Islam, combined with the close connection of the Jews to the ansar, led Muhammad to make war on the Jews as well as the Meccans. The surrender of Mecca in 630 (Chapter 11) did not lead to the end of war, for the aggressiveness and military success of Muhammad's movement had made it attractive to a slew of new

converts whose desire for booty had to be placated Sura 9 promulgated near the end of Muhammad's life served as a broad declaration of war against polytheists Jews and Christians Chapter 12 describes the evolution of Islam late in Muhammad's life into a religious warriors movement that sought to extend the rule of Islam over the entire inhabited world Chapter 13 covers the final pilgrimage and death of Muhammad while Chapters 14-20 describe the development of Islamic dogma surrounding the figure of Muhammad and its implications for politics in the Islamic world and interfaith relations with non-Muslims up till the present day The book concludes with appendices in which Nagel summarizes the state of scholarship regarding the life of Muhammad Appendix 2 and the tensions between competing varieties of Muslim recollection of Muhammad Appendix 3 Muhammad's Mission Religion Politics and Power at the Birth of Islam is an erudite and authoritative guide to events of world historical importance by a scholar who has spent a lifetime mastering the primary sources documenting the birth of Islam

Representations of the Orient in Western Music Nasser Al-Taei, 2017-07-05 This book focuses on the cultural political and religious representations of the Orient in Western music Dr Nasser Al Taei traces several threads in a vast repertoire of musical representations concentrating primarily on the images of violence and sensuality Al Taei argues that these prevailing traits are not only the residual manifestation of the Ottoman threat to Western Europe but also the continuation of a long and complex history of fear and fascination towards the Orient and its Islamic religion In addition to analyses of musical works Al Taei draws on travel accounts paintings biographies and political events to engage with important issues such as gender race and religious differences that may have contributed to the variously complex images of the Orient in Western music The study extends the range of Orientalism to cover eighteenth century Austria nineteenth century Russia and twentieth century America The book challenges those scholars who do not see Orientalism as problematic and tend to ignore the role of musical representations in shaping the image of the Other within a wider interdisciplinary study of knowledge and power

The Spirit of Tolerance in Islam

Reza Shah-Kazemi,2012-01-27 In 1932 the eminent British scholar of Islam Sir Hamilton Gibb wrote The nobility and broad tolerance of this religion Islam which accepted all the real religions of the world as God inspired will always be a glorious heritage for mankind No other society has such a record of success in uniting in an equality of status of opportunity and of endeavor so many and so various races of humanity Whither Islam Such scholarly objectivity towards the tolerance which has historically characterized the Islamic tradition as a whole is in short supply these days Through an insidious symbiosis of fanatical Muslims and prejudiced Islamophobes the very opposite image of Islam has emerged as one of the most dangerous stereotypes of our times The most cursory glance at history will not only reveal the falsity of this stereotype of an intolerant Islam it will also reveal the little known fact that not so long ago it was the Islamic world that provided models of tolerant conduct for a fanatically intolerant Christian world tearing itself apart over dogmatic differences The first part of this monograph examines the historical record of tolerance in the Islamic tradition illustrating the expression of the principle of tolerance through the rule of such dynasties as the Ottomans Mughals Fatimids and the Umayyads of Spain In the second the principle of tolerance is shown to be rooted in the spirit of the Qur anic revelation and embodied in the exemplary conduct of the Prophet
