

Figurative Language Poem 6

from X

By Emily Dickinson

A precious, mouldering¹ pleasure 't is
To meet an antique book,
In just the dress his century wore;
A privilege, I think,

His venerable hand to take,
And warming in our own,
A passage back, or two, to make
To times when he was young,

His quaint opinions to inspect,
His knowledge to unfold
On what concerns our mutual mind,
The literature of old;

His presence is enchantment,
You beg him not to go;
Old volumes shake their vellum² heads
And tantalize, just so.

Review Questions

Directions: Respond to these questions to the best of your ability. Answer the questions completely. If you need more space, use the back or a separate sheet.

1. Identify two examples of **personification**: explain what is being personified in each example.
2. Identify two examples of **metaphor**: explain which two things are being compared in each example.
3. Find two examples of **alliteration**. List the alliterative words.
4. What **tone** does the speaker use in these poems? How does the speaker feel about the subjects of these poems? Use evidence from the text to explain your answer.
5. What does the speaker mean by the following lines from XXI, "He knew no more that he was poor, / Nor that his frame was dust." Why is the man unaware that he is poor? What is meant by "dust frame"?
6. Compare and contrast these two poems. How are they similar and different?

XXI

By Emily Dickinson

He ate and drank the precious words,
His spirit grew robust;
He knew no more that he was poor,
Nor that his frame was dust.
He danced along the dingy days,
And this bequest³ of wings
Was but a book. What liberty
A loosened spirit brings!

1. Slowly decay or disintegrate
2. Fine parchment made from calf skin.
3. Pass something on to someone else

Moving INTO the Classroom Stacia C. Miller, Suzanne F. Lindt, 2017-09-06 This textbook focuses on research in movement integration and the benefits of physical activity to the child's physical, cognitive, emotional, and social development. It includes research on and suggestions for

integrating movement into English language arts mathematics science and social studies for lower and upper elementary students Though the textbook is specifically aimed at elementary level teachers secondary teachers and pre service teachers can modify the activities to fit their lessons as well *Powerful Readers* Kyla Hadden,Adrienne Gear,2016-10-14 At any age or grade level powerful readers are those who are aware of their thinking as they read The assumption is that high school students don t need to be taught how to read but even if they can decode words and gain literal understanding they often don t think deeply about what they are reading Presenting a balance of theory and practical lessons *Powerful Readers* demonstrates that instruction in the key strategies of connecting visualizing questioning inferring determining importance and transforming can help students develop their reading skills and get more out of their work with fiction and nonfiction Step by step lessons for introducing and using the strategies connections to literary devices and reading lists for each strategy are all part of this valuable resource **Learning from Language** Walter H. Beale,2010-06-15 In *Learning from Language* Walter H Beale seeks to bring together the disciplines of linguistics rhetoric and literary studies through the concept of symmetry how words mirror thought society and our vision of the world Citing thinkers from antiquity to the present Beale provides an in depth study of linguistic theory development and practice He views the historic division between the schools of symmetry and asymmetry a belief that language developed as a structure independent of human experience as built into the character of language itself and as an impediment to literary humanism the combined study of language rhetoric and literature to improve the competence and character of the individual In his analysis Beale outlines and critiques traditional claims of symmetry then offers new avenues of approach to the subject In doing so he examines how important issues of human culture and consciousness have parallels in processes of language how linguistic patterns relate to pervasive human problems how language is an active participant in the expression performance and construction of reality the concepts of designating versus naming figurative language as a process of reenvisioning reality and the linking of style to virtue by the ancients Beale concludes that both asymmetrical and symmetrical elements exist in language each with their own relevance and that they are complementary rather than opposing philosophies The basic intuitions of symmetry that relate language to life are powerful and important to all of English studies Combined with a love for the workings sounds and structures of language Beale says an understanding of symmetry can help guide the pursuit of literary humanism
