Unshaved Breanne Fahs, 2022-06-14. Gross, Dirty, Monstrous, Manly, Authentic, Beautiful, Natural. Powerful. Body hair, especially on women, provokes, disrupts, and at times offends. It is tangled up with culture itself in art, families, workplaces, relationships, sex, the beauty industry, governments, and capitalism. From Chinese activists challenging the Communist Party to students in Arizona rejecting their family and workplace ideas about grooming, to high art feminist photographers boldly featuring hairy women, Fahs deftly explores the volatile and ever-changing landscape of women's body hair politics. She showcases an underground movement of artists, zine makers, rebels, and activists who have used women's visible body hair as a declaration of freedom from patriarchal norms. Fahs presents body hair not just as a personal grooming choice but as a connection to broader cultural stories about women's reproductive rights, feminist battlegrounds about autonomy, neoliberal intrusions into beauty regimens, and even global tensions around women's place in society. Ultimately, *Unshaved* shows the collision between the mundane and the extraordinary, the everyday and the revolutionary.
