Innovation in China William H.A. Johnson,2015-07-22 The word innovation is often used today regarding China as if the concept were new to the Eastern country Most people know however that China was a juggernaut in creating new technologies and at one time was the innovation king of the world but that was at least seven centuries ago Today the great oriental power is attempting once again to take the throne of innovation for its own This desire to usurp the throne which had been diligently taken by the West during the Scientific Revolution has placed an almost unrealistic emphasis on innovation In *Innovation in China The Tail of the Dragon* the author explores the issues and actors involved in making innovation the emphasis in China He uses a simple systems model of innovation and various perceptual lenses The lenses are aimed at the historical economic political legal educational and cultural elements of an innovation based society After reading the book the reader will understand more about how innovation is happening in China and by whom More importantly the reader will begin a journey of learning more about where the country is going as it relentlessly continues its drive to create an innovation based society and to become once again in terms appropriate to its history the Emperor of Innovation

Corporate Governance, Organizational Ethics, and Prevention Strategies Against Financial Crime Hyacinthe Yirlier Somé,Narjess Boubakri,Omrane Guedhami,2025-03-14 This book examines how corporate ethics social responsibility and prevention strategies against financial crime may remedy shortcomings of corporate governance Corporate governance structures and mechanisms may contribute to enhancing the value of integrity in organizational life Nonetheless executives and directors who emphasize a structural and procedural way of thinking often miss the point Corporate governance structures and mechanisms can favor practices of integrity and righteousness But those structures and mechanisms have deficiencies since they cannot allow the organization to avoid corporate deviancy and delinquency The book describes how corporate governance and social responsibility reports and programs may allow executives and directors to deepen the meaning of corporate governance as it

is related to organizational culture Furthermore the volume discusses how corporate governance structures and mechanisms including the board of directors and shareholder activism might have a significant impact on the way integrity is safeguarded in an organization The contributions shed light on methods to clarify and extend the implications of corporate governance while taking risk management strategies into account
