"The appreciation of the arts makes us human." Do you agree?

Humans are the only beings capable of expressing free will and creativity, and are the only ones with the ability to create from imagination alone. Though some may dismiss the appreciation of the arts as a frivolous pastime or an exclusive activity within the confines of the artistic community, it is what makes us human as it defines the human capacity to create. The appreciation of the arts allows us to reflect on the human condition as it provides social commentary, and allows us to express individuality as well. At the same time, it creates a sense of cultural identity that is not grounded with one another, thus forming cultural communities that share a common sense of purpose. Therefore, the appreciation of the arts is definitely what makes us human. Do you agree?
