Hung Gar Tiger Crane Kung Fu Manual:

The Hung Gar Kung Fu Manual Wei Jing Wallace, 2025-09-11 This comprehensive guide offers a complete journey into the powerful world of a traditional southern Chinese martial art. Begin by exploring its deep roots and history, understanding how and why this art developed its unique characteristics. The book then provides a clear step by step foundation starting with the essential stances that build unshakable stability and leg strength, and moving into the specialized breathing and conditioning methods that develop remarkable power. You will be guided through the core forms from the fundamental exercises that teach coordination and power generation to the advanced sets that master the combination of hard and soft techniques inspired by the five core animal styles. The manual then shifts to practical use, breaking down how to apply these forms for self defense. Learn the key hand techniques, blocks and kicks, and understand the vital concept of using your arms to control an opponent. The book includes detailed drills performed with a partner to develop sensitivity, timing and reflexes, moving from pre arranged patterns to more fluid adaptive responses. Further chapters extend this knowledge to traditional weapons including the staff, the distinctive tiger fork and other arms, showing how the core principles apply to tools of various lengths and weights. Ultimately, this guide is about building a sustainable practice that enhances strength, health and personal discipline, offering a path for lifelong learning and growth in a time tested martial art.

The Tiger/Crane Form of Hung Gar Kung-Fu Bucksam Kong, 1983 The book reveals the closely guarded techniques of hung gar kung fu, a ferocious yet graceful art. This classic text, now on its twentieth printing, covers every aspect of the eponymous form, which melds the powerful attacks of the tiger with the elusive flowing techniques of the crane. The accompanying DVD features five animal hand forms: tiger, crane, leopard, snake and dragon, as well as special conditioning and self defense. Shaolin Chin Na Fa: Art of Seizing and Grappling. Instructor's Manual for Police Academy of Zhejiang Province (Shanghai, 1936) Liu Jin

Sheng, 2007-05 The book CHIN NA FA was written by Liu Jin Sheng in collaboration with Zhao Jiang. The first edition of the book was issued in July of 1936 as a manual for the Police Academy of Zhejiang province. The book was printed by the publishing house Shan Wu in Shanghai. If you are in command of this technique, you can sway the destiny of the enemy. You can kill your enemy, cause unbearable pain, tear his muscles and sinews, break his bones or make him unconscious for some time and completely disable him to resist. Even a woman or a physically weak man who mastered this technique can curb a strong enemy. This technique demands deftness and skill, not brute force. It is necessary to train oneself daily to make the body flexible and nimble, but hardness must be hidden inside this softness. Author Liu Jin Sheng, The Police Academy of Zhejiang province, 1st of May of the 24th year of the Chinese Republic 1935.
