Preventing Health and Environmental Risks in Latin America Ma. Luisa Marván,Esperanza López-Vázquez,2018-04-17 This book addresses environmental and medical issues that could risk our well being our health or even cause death Some of the issues analysed could have negative consequences not only today but also for future generations if not prevented in time With regard to health risks the authors discuss several diseases that could be avoided if people perform or avoid certain behaviours and become accustomed to having healthier habits Concerning environmental hazards the authors discuss which social groups should be taken into account based on preventive strategies used to avoid a particular disaster Both sections of the book on health and environmental issues have a subsection with chapters about risks and society No matter the risk related discipline the reader is familiar with when he ends reading the book it will become clear that risk analysis is the basis for prevention and that it cannot be addressed from a single discipline nor with a single methodology

Disaster Upon Disaster Susanna M. Hoffma,Roberto E. Barrios,2019-10-03 A consistent problem that confronts disaster reduction is the disjunction between academic and expert knowledge and policies and practices of agencies mandated to deal with the concern Although a great deal of knowledge has been acquired regarding many aspects

of disasters such as driving factors risk construction complexity of resettlement and importance of peoples culture very little has become protocol and procedure Disaster Upon Disaster illuminates the numerous disjunctions between the suppositions realities agendas and executions in the field goes on to detail contingencies predicaments old and new plights and finally advances solutions toward greatly improved outcomes *Law of the Sea, From Grotius to the International Tribunal for the Law of the Sea* Lilian del Castillo, 2015-01-27 *Law of the Sea From Grotius to the International Tribunal for the Law of the Sea Liber Amicorum* Judge Hugo Caminos honors the accomplished career path of a distinguished scholar professor diplomat and judge in the global field of the Law of the Sea Judge Hugo Caminos was not only defined by his professional accomplishments including his appointment as Deputy Director of the Office of the Special Representative of the Secretary General of the United Nations for the Third United Nations Conference on the Law of the Sea and his work as a Judge on the International Tribunal for the Law of the Sea He is also remembered with gratitude and admiration as a person of unfaltering moral character and intellectual integrity The essays collected in this volume are dedicated to his multifacetic life Consistent with the honoree s background the accomplished contributors to this book address relevant issues of the law of the sea dealt with in twelve parts covering from historical perspectives to the UNCLOS the law of the sea in polar regions the Area the particular issues of islands and archipelagic States the freedom of navigation and its attached responsibilities piracy and the latest awards on maritime delimitation as well as recent practice of the International Tribunal on the Law of the Sea ITLOS dispute settlement procedures and some unsettled maritime disputes from the respective author s point of view All those interested in the Law of the Sea will find a seminal new work in *Law of the Sea From Grotius to the International Tribunal for the Law of the Sea Liber Amicorum* Judge Hugo Caminos
