

Note: For successful communication to occur, both the SSC and the CSC must be set to the same mode (i.e., set both to either **Encrypted** or **Open**). If the SSC and CSC are set to **Encrypted** mode, then the encryption key must match on both ends.

The screenshot shows the 'Server-Side Gateway Configuration Tool' window with the 'Encryption' tab selected. The 'Current Mapping' section has three radio buttons: 'Single' (selected), 'Address Range', and 'Subnet'. Below 'Single' are two input fields: '192.168.10.100' and '127.0.0.1', each with a 'Get Local' button. To the right, there is an 'Encrypt' checkbox (unchecked) and an 'Encryption Key' text field. Below these is a 'Key Mappings' section with a large empty list box and four buttons: 'Add Key Mapping', 'Update Key Mapping', 'Remove Selected Key Mapping', and 'Remove All Key Mappings'. At the bottom are 'OK', 'Cancel', and 'Apply' buttons.

Figure 12 - Server-Side Security Configuration Tool (Encryption Tab)

Option	Description
IP Address	<p>To allow for Tunneller communication between the Tunneller SS machine (the machine where the Server-Side Gateway Configuration Tool is located, with IP address <i>x.x.x.x</i>) and the Tunneller CS machine (with IP address <i>y.y.y.y</i>), the CS machine IP address <i>y.y.y.y</i> should be entered in the IP address field and an encrypted key must be created. Similarly, in the CS computer's Client-Side Gateway Key Manager, there should be a key mapping containing <i>x.x.x.x</i>, and the encryption key must be the same for communication to be successful.</p> <p>Address can be entered in three different ways:</p> <ul style="list-style-type: none"> • <i>Single</i> – IP address is defined exactly. • <i>Address range</i> – start and end addresses of the range are defined. In this case the key will be used for all IP addresses belonging to the range.

Ibm Opc Manual

M Mark

Ibm Opc Manual:

Thank you very much for reading **Ibm Opc Manual**. Maybe you have knowledge that, people have search hundreds times for their chosen readings like this Ibm Opc Manual, but end up in malicious downloads.
