Bulgaria International Monetary Fund. Monetary and Capital Markets Department, 2015-10-29 This paper discusses key findings and recommendations of the Detailed Assessment of Observance on the Basel Core Principles for Effective Banking Supervision on Bulgaria Within the Banking Supervision Department the Special Supervision Directorate SSD has been assigned multiple activities that go beyond its primary objective of ensuring integrity in the banking sector The Bulgarian National Bank is not empowered to require a bank to change its internal organization or structure It is recommended to refocus the activity of the SSD on its core mandate of financial integrity This recommendation can be achieved by assigning nonsupervisory activities to other Directorates preferably outside the Banking Supervision Department

Peru International Monetary Fund. Monetary and Capital Markets Department, 2018-12-14 The overall quality of Peru's supervisory approach and regulation of the banking sector is strong Some areas for enhancement remain A key area that needs strengthening relates to the powers and regulatory framework for consolidated and cross border supervision The FSAP undertook a full graded Basel Core Principles BCP assessment of the essential criteria The 2011 BCP update assessment found that bank regulation and supervision was of high quality and no principles were scored non-compliant or materially non-compliant The current assessment shows that the SBS has maintained and further enhanced its regulatory and supervisory framework

Turkey International Monetary Fund. Monetary and Capital Markets Department, 2017-02-08 This paper presents an assessment of observance of Basel Core Principles for Effective Banking Supervision in Turkey Since the previous assessment conducted in 2011 the Banking Regulation and Supervisory Agency has made several significant improvements to its supervisory framework There are areas that still warrant improvement including addressing legal provisions that undermines supervisory independence providing a deeper risk assessment focus to supervisory inspections and follow up enhancing the forward looking component of the assessments streamlining risk management and corporate

governance requirements strengthening the supervisory enforcement regime demanding recovery plans developing group resolution plans and increasing the ability to act at an early stage to address unsafe and unsound practices **Handbook of Research on Creating Sustainable Value in the Global Economy** Akkucuk, Ulas,2019-11-15 During the first decade of the 21st century the world has witnessed a plethora of corporate scandals global economic crises and rising environmental concerns As a result of these developments pressure has been mounting on businesses to pay more attention to the environmental and resource consequences of the products they produce and services they deliver The Handbook of Research on Creating Sustainable Value in the Global Economy contains a collection of pioneering research on the integration of issues of sustainability within the traditional areas of management While highlighting topics including green marketing circular economy and sustainable business this book is ideally designed for managers executives environmentalists economists business professionals researchers academicians and students in disciplines including marketing economics finance operations management communication science and information technology *Zimbabwe International Monetary Fund*,International Monetary Fund. Monetary and Capital Markets Department,2022-12-19 At the request of the Reserve Bank of Zimbabwe RBZ the Monetary and Capital Markets MCM Department conducted a virtual mission from May 3 to June 10 2022 to assist the RBZ on strengthening consolidated supervision framework The main focus was to support the RBZ in updating the RBZ consolidated supervision framework enhancing prudential reporting on a consolidated basis strengthening the assessment of banking group s risks and intensifying cross border and interagency cooperation *Spain International Monetary Fund*,2012-06-11 This paper assesses compliance of the Basel Core Principles for Effective Banking Supervision in Spain Significant changes have occurred in Spain since the last Financial Sector Assessment Program FSAP The most serious has been the deterioration of the economy and the real estate sector The dual legal framework governing Cajas poses the risk of potential conflicts in the exercise of supervisory and sanctioning authority Other 2006 FSAP recommendations have been magnified with the perspective given by events from 2007 to 2011 **Official Gazette** Philippines,2009-06

Kuwait International Monetary Fund. Middle East and Central Asia Dept.,2015-12-02 This 2015 Article IV Consultation highlights that decline in oil prices has adversely affected Kuwait s fiscal and current account balances and slowed growth in 2014 15 Real non oil GDP growth is projected to slow in 2015 and 2016 and pick up to 4 percent in the medium term supported by government investment in infrastructure and private investment The fiscal and external positions are projected to deteriorate further in 2015 and 2016 and improve somewhat over the medium term as oil prices and production recover partially *Health Policy and Politics* Jeri A. Spain International Monetary Fund. Monetary and Capital Markets Department, 2024-08 The FSAP undertook a targeted review of the banking regulation and supervision of Spain's Less Significant Institutions (LSIs). The review is part of the 2024 Financial Sector Assessment Program (FSAP) of Spain. In scoping this targeted review, the IMF team took account of the recommendations of the previous FSAP for Spain 2017 and relevant Euro Area (EA) and global regulatory and market developments. The review covered: i) the supervisory powers and independence of Banco de España (BdE); ii) the supervisory approach and tools for LSIs; iii) the oversight of LSIs' governance and risk management; iv) the regulation and supervision of LSIs' key risks, including credit risk and problem assets, related party transactions, funding and liquidity risks, and interest rate risk in the banking book; and v) the oversight approach with respect to LSIs' climate-related financial risks. The findings and recommendations of this technical note are based on an analysis of the regulatory framework in place and supervisory practices employed as of October 2023.

Malta International Monetary Fund. Monetary and Capital Markets Department, 2019-11-21 This technical note on banking supervision for Malta focusses on selected topics in relation to the supervision of less significant institutions which are not directly supervised by the European Central Bank and on non-European Union branches. The Malta Financial Services Authority's (MFSA) internal organization reflects its role of an integrated supervisor and several units are involved in supervision and/or enforcement. Review of supervisory measures reveals that the MFSA has taken decisive action in several instances but such actions have not been timely. A new organizational structure of the MFSA has been proposed recently. Developing resources devoted to enforcement will enable the unit to spend less time on the preparation of the sanctions and more time on ongoing supervisory monitoring. Involving the head of enforcement and the General Counsel in the decision-making process is positive. The report recommends developing a five-year plan to increase the MFSA's budgetary resources and capacity to reflect the size and importance of the financial sector in Malta.
