May Intake 2015 Kenyatta University:

Thus Until Emilia Ilieva, Reuben Matheka, 2025-08-04 Thus Until A History of Egerton University is a thorough historical chronological and well researched account of Egerton University from a whites only college when it started in 1939 through to the expansion it has experienced over the years culminating in being a full university More than any other university in Kenya Egerton has a long and colourful history but like all the other universities it has suffered from the political economic and financial challenges of the time especially since the double intake of the 1990s Chapter One provides the required background to the study highlighting agricultural and educational policies and steering away from the Happy Valley hype so characteristic of the period The reader will learn about the Egerton family in Chapter Two and particularly about Lord Egerton himself and the colonial circumstances within which he lived The chapter dispels some of the popularly held myths about him Chapter Three deals with the beginnings of the college and the various structural and curriculum experiments tried out and the kind of enrolment and students it experimented with as an all white establishment The chapter ends with Africans beginning to agitate for change With great attention to detail the later chapters put the university in a broader local and international context thereby increasing its relevance to society A History of Egerton University though heavily footnoted and with a detailed bibliography is written in a simple easy flowing and accessible style Multifunctional Agriculture

Roger Leakey, 2017-04-14 In a world increasingly challenged by the need to integrate and understand highly specialized knowledge in a multidisciplinary way this book is innovative and perhaps unique in addressing this challenge It focuses on ideas strategies techniques and practices spanning many disciplines at the interface of agriculture with forestry horticulture plant physiology genetics ecology soil science food science economics and the social and environmental sciences as delivered by intensified and enriched agroforestry Multifunctional Agriculture addresses this complexity using case studies and insights from the needs of African farmers whose livelihoods are constrained by complex interactions between social environmental and economic factors and problems underlying agricultural sustainability in Africa This book therefore provides an important resource for those trying to understand the role of agriculture in the achievement of the new Sustainable Development Goals by providing easily implementable practical and effective methodologies and practices Provides a single source comprehensive insight into agroforestry multifunctional agriculture it s potential challenges and progress Helps readers understand and assess potential opportunity through implementation Includes case studies and real world insights that address common situations and the practical application of best practices Explores the role of multifunctional agriculture in mitigating climate change impacts providing value story beyond crop production

Neuroepidemiology in Tropical Health Pierre-Marie Preux, Michel Dumas, 2017-09-21 Neuroepidemiology in Tropical Health covers major neurological diseases of relevance in tropical settings and examines the specificities of epidemiology of neurological diseases in the context of tropical countries that face many challenges when compared to the developed world

Part One focuses on methods and their eventual specificities and how such methods like sampling can be adapted for specific scenarios Parts Two and Three discuss environmental factors and their consequences for neurology in the tropical world as well as large geographical areas and their specificities Finally Part Four presents relevant neurological diseases in in depth chapters This invaluable information will help readers recognize the various neurological conditions presented with the inclusion of their aetiologies and treatment in tropical areas The book therefore fills a gap in the neuroepidemiology literature with chapters written by an international collection of experienced authors in the field Highlights differences and similarities between neuroepidemiology in tropical areas and temperate zones with a focus on methods and underlying factors Covers environmental factors in the tropical world and their consequences for neurology Chapters include references key articles books protocols for additional detailed study Includes wide topics of neurological disease in the tropics not only infectious diseases but also nutrition and public health
