Use this worksheet to calculate the net value of your estate before estate taxes. Replace the sample data on lines 14-114 with your own information. Your net estate is then calculated in the summary beginning on line 116. If you are married, the worksheet can subtotal the husband's & wife's separately held property, as well as property which is jointly owned. If you are single simply type the total in in column F next to the name of the asset. After you have completed rows 14-114, skip down to the summary sheet beginning on row 108. You may need to insert additional information regarding liabilities in rows 120& 142.
