Digital Middle East Mohamed Zayani, 2018-05-15 In recent years the Middle East s information and communications landscape has changed dramatically Increasingly states businesses and citizens are capitalizing on the opportunities offered by new information technologies the fast pace of digitization and enhanced connectivity These changes are far from turning Middle Eastern nations into network societies but their impact is significant The growing adoption of a wide variety of information technologies and new media platforms in everyday life has given rise to complex dynamics that beg for a better understanding Digital Middle East sheds a critical light on continuing changes that are closely intertwined with the adoption of information and communication technologies in the region Drawing on case studies from throughout the Middle East the contributors explore how these digital transformations are playing out in the social cultural political and economic spheres exposing the various disjunctions and discordances that have marked the advent of the digital Middle East

Supporting Women's Economic Enfranchisement Rose Korang-Okrah, Wendy Haight, Priscilla A. Gibson, 2025-08-04 Access to property homes and natural resource based assets is fundamental to women s adequate standard of living economic independence and political empowerment Lack of direct access to property can marginalize women who may be unable to leave abusive relationships support their children enter the market or access credit education and support services Yet discriminatory property rights laws and androcentric customs have restricted women from ownership and control of property throughout history and continue today In this book the authors consider lessons for international social workers and others interested in addressing women s economic enfranchisement specifically their access to property using Akan Ghana widows as a case study

The Reflective Leader Armin Trost, 2025-04-28 Effective leadership requires a clear idea of leadership which must be primarily guided by the specific conditions of their leadership context Only the leader themselves is responsible for developing the right idea of leadership Leaders who actively reflect on their context and their role are more

likely to achieve success By combining thoughtful self awareness with intentional decision making they can move beyond relying solely on intuition and gut feelings This approach fosters stronger trust based relationships between leaders and employees This book not only provides theoretical foundations but also offers practical tools that have been proven effective in practice over many years With the help of this book managers will learn to understand their leadership context and based on that understanding develop their idea of leadership Additionally it shows how they can communicate and act upon their leadership idea Therefore this book consciously avoids presenting a normative ideal and universally applicable approach This is where it differs from many other works that promote a single leadership ideal This book is aimed at leaders emerging leaders leadership trainers leadership coaches CEOs and HR managers focused on leadership development and talent management

Current Catalog National Library of Medicine (U.S.),1970 Includes subject section name section and 1968 1970 technical reports *Authoring Autism* M. Remi Yergeau,2018-01-05 In *Authoring Autism* M Remi Yergeau defines neurodivergence as an identity neuroqueerness rather than an impairment Using a queer theory framework Yergeau notes the stereotypes that deny autistic people their humanity and the chance to define themselves while also challenging cognitive studies scholarship and its reification of the neurological passivity of autistics They also critique early intensive behavioral interventions which have much in common with gay conversion therapy and questions the ableist privileging of intentionality and diplomacy in rhetorical traditions Using storying as their method they present an alternative view of autistic rhetoricity by foregrounding the cunning rhetorical abilities of autistics and by framing autism as a narrative condition wherein autistics are the best equipped people to define their experience Contending that autism represents a queer way of being that simultaneously embraces and rejects the rhetorical Yergeau shows how autistic people queer the lines of rhetoric humanity and agency In so doing they demonstrate how an autistic rhetoric requires the reconceptualization of rhetoric s very essence

Bridging the Gender Gap Lynn Roseberry, Johan Roos, 2014-07-24 Despite decades of efforts to promote gender equality most leadership positions in business politics education and even NGOs are occupied by men and most people still work in occupations dominated by one sex This book argues that gender imbalances in leadership and occupations are not simply a moral issue or an economic issue but a governance issue Gender imbalances persist in large part because the very people with the authority and influence to do something about them know very little about gender and how it works in their organizations and in society at large Gender imbalanced governance is an expression of entrenched ideas about masculinity and femininity that lead to poor decision making Improving the quality of governance requires action to counteract the main justifications for the status quo Based on interviews and conversations with leaders and managers in Europe and the United States the book presents seven of the most common explanations for persistent gender imbalances and shows how they are based on common stereotypes and myths about men s and women s abilities and preferences This book provides a guided tour of current research about gender from a multi disciplinary perspective It challenges commonly held assumptions and offers alternative explanations and corresponding principles to guide individual decisions action and behaviour toward achieving gender balance

Media, Margins and Civic Agency Heather Savigny, Einar Thorsen, Daniel Jackson, Jenny Alexander, 2015-08-31 This collection brings together new research on contemporary media politics and power It explores ways and means through which media can and do empower or dis empower citizens at the margins that is how they act as vehicles of or obstacles to civic agency and social change

Rethinking Young People's Marginalisation Peter Kelly, Perri Campbell, Luke Howie, 2018-10-16 In the 21st century myriad earth systems atmospheric systems ocean systems land systems neo Liberal capitalism are in crisis

These crises are deeply related Taking diverse and multiple forms they have diverse and multiple consequences and are evidenced in such things as war everyday violence hate and extremism global flows of millions of the dispossessed and homeless and in the precarious uncertain and marginal existence of millions more Rethinking Young People s Marginalisation is concerned with the experience affect and effects of these earth systems crises on young people s life chances life choices and life courses young people s engagement with education training and work the character of young people s being and becoming their gendered embodiment their participation in cultures of democracy their resilience and their marginalisation Indeed in setting out to rethink young people s marginalisation this insightful volume makes a contribution to troubling key concepts in Youth Studies primarily structure and agency transitions and pathways gender and embodiment citizenship risk and resilience It does this by drawing on a variety of critical theoretical traditions including Bauman s engagement with the ambivalence of the human condition Foucault s studies of mentalities of government and genealogies of the subject the critique of the politics of disposability and violence of neo Liberalism undertaken by Giroux and the authors of Kilburn Manifesto Braidotti s vitalist posthumanism and Haraway s figure of the Chthulucene Analysing the ways in which young people engage in and develop new cultures of democracy Rethinking Young People s Marginalisation will appeal to postgraduate students and postdoctoral researchers interested in fields such as Youth Studies Youth Sociology Education Studies and Critical Social Theory

Communications and Inequality Peter Golding, 2025-03-07 With growing numbers of billionaires at one end and startling numbers of food banks at the other advanced industrial societies are becoming ever more unequal Yet the evolution and widespread use of new digital media and of a news rich environment bear the promise of unprecedentedly informed citizens and enriched democracy Are both these trends possible This book examines the evidence comprehensively and argues that the link between communications and inequality has a profound and direct impact on the relationship between citizens and society Drawing on key concepts in the sociological understanding of modern society extensive explanation of the digital divide the role and character of the new tech giants and the powerful effects on society of the voice of vested interests it offers a unique analysis of the dynamics and wider implications of communications inequality

To Boldly Stay Sherry Ginn, Michael G. Cornelius, 2022-05-13 Despite the fact that Star Trek Deep Space Nine ended over twenty five years ago there has yet to be a stand alone assessment of the series This collection corrects that omission examining what made Deep Space Nine so unique within the Star Trek universe and how that uniqueness paved the way for an altogether new entirely different vision for Star Trek If the Star Trek slogan has always been to boldly go where no one has gone before then Deep Space Nine helped to bring in a new renaissance of serialized television that has become normal practice Furthermore Deep Space Nine ushered in critical discussions on race gender and faith for the franchise science fiction television and American lives It relished in a vast cast of supporting characters that allowed for the investigation of psychosocial relationships from familial issues to interpersonal and interspecies conflict to regional strife that the previous

Star Trek series largely overlooked Essays explore how Deep Space Nine became the most richly complicated sci fi series in the entire Star Trek pantheon

Developing Informed Intuition for Decision-Making Jay Liebowitz, 2019-07-19 This book examines how to develop the main traits that are necessary to become an informed intuitant Case studies and examples of successful informed intuitants are a major component of the book Intuitant is someone who has the intuitive awareness to be successful Informed intuitant indicates that the individual decision maker not only applies his her intuition but also verifies it through using data driven approaches such as data analytics Some of this work resulted from research examining how well do executives trust their intuition

Gifted?: The shift to enrichment, challenge and equity Morgan Whitfield, 2024-07-19 Gifted and talented is a zombie It is dead but still walking around There are new labels to stratify students more able significantly able high aptitude learners New labels do not equal new thinking The concept of gifted is still stubbornly embedded in our educational structures with its legacy of social immobility racism and sexism Students can be more able when they have more financial resources more access more visibility or more cultural acceptance There are pervasive narratives that educators should prioritise extension for some students and not others We can dispel the myth that pitching lessons judiciously to middle ability and then differentiating up and down is effective This book explores how we can provide every student with rigorous challenge Challenge for all is an inclusive approach to teaching whereby every student is invited and given the tools to reach a place of mastery This can be through project based learning Harkness round tables oracy adaptive teaching inclusive enrichment programs dynamic classroom strategies and a schoolwide mission for equity Educators can embed powerful knowledge into the curriculum reimagine teaching to the top and stretch learners through personalised and responsive instruction The shift to enrichment challenge and equity creates magnificent possibilities The message to all students is you belong here
