This guidebook features the best practices in high school athletic administration to assist both aspiring and practicing athletic directors in meeting the demands of the job. Readers will also learn how to manage a budget and find creative alternatives to get the most out of available funds. Based on extensive research conducted by the editors, this text confronts several challenges facing contemporary high school sport administrators: Providing comprehensive professional preparation for athletic director candidates and continuing education for today's athletic directors; Aligning the goals of education-based athletic programs and the conduct of coaches, athletes, and parents engaged in the program to the educational mission of the school, district, state, and national governing organizations; Ensuring ongoing education in vital areas including student citizenship, staff support, safety, risk management, and budget preparation; Making consistent efforts to provide equitable opportunities for participation and accommodate the abilities and interests of all student athletes. The position of interscholastic athletic administrator is rapidly becoming one of the most challenging positions in any school as these professionals are asked to do more with less. Given proper education, tools, and goals, NIAAA recognizes the pivotal role an athletic administrator can have in enriching the school culture and experiences of participating athletes, parents, and coaches.
