racialized symbols in the right turn of US and British politics in the late 1970s through to today The author argues that the symbol of race has been central to the New Right s project to redefine the cultural codes and broader social imaginary upon which the consensus politics of the post war years was built In the process of mobilizing race as an ideological articulator of the exit from consensus politics the New Right has promoted a new form of racism qualitatively distinct from more traditional forms

Reaction Formations Joshua Branciforte,Ramsey McGlazer,2023-07-04 Today an international new right has coalesced Variouslly described as nativist right populist alt right and neofascist far right movements in many countries have achieved electoral victories that not long ago seemed highly improbable They have also developed a new cultural politics Adapting tactics from the left the new right has moved from decorum to transgression from conservative propriety to the frank sexualization of political figures and positions from appealing to the conscious normalcy of the silent majority to recasting itself as a protest movement of and for the aggrieved These movements share a mandate for robust nationalism yet they also cultivate a striking international solidarity Who is the subject of this ethnonationalism Many new right movements have in fact intensified or laid bare long standing tendencies but this volume seeks to address aspects of their cultural politics that raise new and urgent questions How should we assess the new right s disconcerting appropriations of strategies of minoritarian resistance How can we practice critique in the face of adversaries who claim to practice a critique of their own How do apparently post normative versions of nationalism give rise to heightened forms of militarism incarceration censorship and inequality How should we understand the temporality of ethnonationalism which combines a romance with archaic tradition an ethos of disruption driven by tech futurism frequently tinged with accelerationist pathos and a kitschy nostalgia for a hazily defined recent past when things were greater than they are now Surveying nationalisms from Argentina Brazil France Germany India Israel Palestine the United Kingdom and the United States *Reaction Formations* gives a critical account of contemporary ethnonationalist cultural politics while drawing out counterstrategies for anti fascist resistance Contributors Tyler Blakeney Chiara Bottici Joshua Branciforte Gisela Catanzaro Melinda Cooper Julian G pffarth Ramsey McGlazer Benjamin Noys Bruno Perreau Rahul Rao Shaul Setter and M Ty *The English Catalogue of Books ...* ,1936

Thinking Otherwise Susan A. Brewer,Richard H. Immerman,Douglas Little,2024-10-15 *Thinking Otherwise* addresses the

question of what makes a great historian by exploring the teaching and scholarship of Walter LaFeber widely acclaimed as the most distinguished historian of US foreign relations This volume of essays edited by Susan A Brewer Richard H Immerman and Douglas Little is a testament to a scholar who published more than a dozen books during his time at Cornell University where he delivered legendary lectures for half a century The chapters trace LaFeber s journey as a scholar and demonstrate his enduring influence on the history of US foreign relations by linking six of his monographs to his abiding concern about the fate of the American experiment from the 18th century to the present Thinking Otherwise explains and assesses the scholarship of a historian whose work became canonical in his lifetime and continues to resonate throughout public policy debates     The New Werner Twentieth Century Edition of the Encyclopaedia Britannica ,1906     *The Wellesley Index to Victorian Periodicals 1824-1900* Walter E.
