Moody's International Manual ,2000 *Mergent International Manual* ,2002 **Japan Electronics Buyers' Guide** ,1988 **FAA World** ,1987 **Tourism and Responsibility** Martin Mowforth,Clive Charlton,Ian Munt,2008 This book discusses the responsibility or otherwise of tourism activities in Latin America and the Caribbean It considers issues such as the reduction of poverty through tourism and the conflict between increasing volumes of air travel spent in our continuing search for pleasure and the resulting contribution to global warming The authors believe that tourism can only be adequately assessed through a consideration of how it fits into the structure of power It is also argued that tourism cannot be analyzed without a consideration of its impacts on and links with development This relationship between tourism responsibility power and development is explored in chapters covering both the macro and the micro level of responsibility The authors look at methods of practising tourism responsibly or irresponsibly at the personal company national and international levels The questions and dilemmas of placing responsibility in the tourism industry are examined throughout Widely illustrating all these themes and issues with examples and case studies from throughout the sub continent this book will be of importance to students and academics and to the work of practitioners of development and tourism related projects run by both governmental and non governmental aid and development agencies **The Last of the Tribe** Monte Reel,2010-06-15 Throughout the centuries the Amazon has yielded many of its secrets but it still holds a few great mysteries In 1996 experts got their first glimpse of one a lone Indian a tribe of one hidden in the forests of southwestern Brazil Previously uncontacted tribes are extremely rare but a one man tribe was unprecedented And like all of the isolated tribes in the Amazonian frontier he was in danger Resentment of Indians can run high among settlers and the consequences can be fatal The discovery of the Indian prevented local ranchers from seizing his land and led a small group of men who believed that he was the last of a murdered tribe to dedicate themselves to protecting him These men worked for the government overseeing indigenous interests in an odd job that was part Indiana Jones part social worker and were among the most experienced adventurers in the Amazon They were a motley crew that included a rebel who spent more than a decade living with a tribe a young man who left home to work in the forest at age fourteen and an old school sertanista with a collection of tall tales amassed over five decades of jungle exploration Their quest would prove far more difficult than any of them could imagine Over the course of a decade the struggle to save the Indian and his land would pit them against businessmen politicians and even the Indian himself a man resolved to keep the outside world at bay at any cost It would take them into the furthest reaches of the forest and to the halls of Brazil s Congress threatening their jobs and even their lives Ensuring the future of the Indian and his land would lead straight to the heart of the conflict over the Amazon itself A heart pounding modern day adventure set in one of the world s last truly wild places The Last of the Tribe is a riveting brilliantly told tale of encountering the unknown and the unfathomable and the value of preserving it Chemical Abstracts ,1921 *Catalog of Copyright Entries.
