Prairie Fairies Valerie J. Korinek, 2018-06-26 *Prairie Fairies* draws upon a wealth of oral archival and cultural histories to recover the experiences of queer urban and rural people in the prairies Focusing on five major urban centres Winnipeg Saskatoon Regina Edmonton and Calgary *Prairie Fairies* explores the regional experiences and activism of queer men and women by looking at the community centres newsletters magazines and organizations that they created from 1930 to 1985 Challenging the preconceived narratives of queer history Valerie J Korinek argues that the LBGTQ community has a long history in the prairie west and that its history previously marginalized or omitted deserves attention Korinek pays tribute to the prairie activists and actors who were responsible for creating spaces for socializing politicizing and organizing this community both in cities and rural areas Far from the stereotype of the isolated insular Canadian prairies of small towns and farming communities populated by faithful farm families *Prairie Fairies* historicizes the transformation of prairie cities and ultimately the region itself into a predominantly urban and diverse place

Between Certain Death and a Possible Future Mattilda Bernstein Sycamore, 2021-10-05 Every queer person lives with the trauma of AIDS and this plays out intergenerationally Usually we hear about two generations the first coming of age in the era of gay liberation and then watching entire circles of friends die

of a mysterious illness as the government did nothing to intervene And now we hear about younger people growing up with effective treatment and prevention available unable to comprehend the magnitude of the loss But there is another generation between these two one that came of age in the midst of the epidemic with the belief that desire intrinsically led to death and internalized this trauma as part of becoming queer Between Certain Death and a Possible Future Queer Writing on Growing up with the AIDS Crisis offers crucial stories from this missing generation in AIDS literature and cultural politics This wide ranging collection includes 36 personal essays on the ongoing and persistent impact of the HIV AIDS crisis in queer lives Here you will find an expansive range of perspectives on a specific generational story essays that explore and explode conventional wisdom while also providing a necessary bridge between experiences These essays respond with eloquence and incisiveness to the question How do we reckon with the trauma that continues to this day and imagine a way out The Advocate, 1995-09-19 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States **Gender Development** Judith E. Owen Blakemore, Sheri A. Berenbaum, Lynn S. Liben, 2009 Offering a unique developmental focus on gender this work examines gender development from infancy through adolescence integrating biological socialization and cognitive perspectives The book's current empirical focus is complemented by a lively and readable style that includes anecdotes about children's everyday experiences

Women's Rights in the United States Tiffany K. Wayne, 2014-12-09 A comprehensive encyclopedia tracing the history of the women's rights movement in the United States from the American Revolution to the present day Few realize that the origin of the discussion on women's rights emerged out of the anti slavery movement of the 19th century and that suffragists were active in the peace and labor movements long after the right to vote was granted Thus began the confluence of activism in our country where the rights of women both followed and led the social and political discourse in America Through 4 volumes and more than 800 entries editor Tiffany K Wayne with advising editor Lois Banner examine the issues people and events of women's activism from the early period of American history to the present time This comprehensive reference not only traces the historical evolution of the movement but also covers current issues affecting women such as reproductive freedom political participation pay equity violence against women and gay civil rights *Obituary Record of Graduates of Amherst College for the Academical Year Ending ...* Amherst College, 1919 **Bisexuality and Queer Theory** Jonathan Alexander, Serena Anderlini-D'Onofrio, 2014-04-10 According to David Halperin sexuality in our time is typified by a crisis in contemporary sexual definition What is sexuality What does it mean to have a sexual identity or orientation What is the relationship between sexuality as a knowledge construct on one hand and the often messy flows of desire and practices of love on the other How and why are some sexual erotic and intimate practices normalized and others marginalized Queer Theory has emerged in the West as one of the most provocative analytical tools in the humanities and social sciences It scrutinizes identity and social structures that take heteronormativity for granted that do not question the social construction

of heterosexuality as normative in relation to its oppositional binary homosexuality At the same time bisexuality is a practice identity and orientation that challenges the binary logic around which cultural notions of sexuality are organized It is a portal to the imagination of a world of amorous expression beyond that divide This provocative collection presents bisexuality and queer theory as two parallel thought collectives that have made significant contributions to cultural discourses about sexual and amorous practices since the onset of the AIDS era and explores the ideas that circulate in these thought collectives today We learn much about the construction and experience of sexuality and the power it still holds throughout the contemporary Western world to shape identities and practices This volume challenges our understanding of what it means to be sexual to have a sexual identity and to practise the arts of loving This book was originally published as a special issue of the Journal of Bisexuality

Consensual Hex Amanda Harlowe, 2020-10-06 The Craft for the MeToo era this debut unfolds a riveting psychological drama shot through with sharp humor and dark magic for readers of Ninth House and The Power When Lee a first year at Smith is raped under eerie circumstances during orientation week by an Amherst frat boy she s quickly disillusioned by her lack of recourse As her trauma boils within her Lee is selected for an exclusive seminar on Gender Power and Witchcraft where she meets Luna an alluring Brooklyn hipster Gabi who has a laundry list of phobias and Charlotte a waifish chill international student Granted a charter for a coven and suddenly in possession of real magic the four girls are tasked by their aloof Professor with covertly retrieving a grimoire that an Amherst fraternity has gotten their hands on But when the witches realize the frat brothers are using magic to commit and cover up sexual assault all over Northampton their exploits escalate into vigilante justice As Lee s thirst for revenge on her rapist grows things spiral out of control pitting witch against witch as they must wrestle with how far one is willing to go to heal Consensual Hex is both a gripping page turner and a sensitive portrait of a young woman coming of age uncovering the ways in which love and obsession and looking to fit in can go hand in hand Lee an outstanding magical anti heroine refuses to be pigeonholed as a model victim or a horrific example Instead her caustic voice demands our attention clawing out from every page equally vicious and vulnerable as she lures us then dares us to transgress Dark biting and archly camp Consensual Hex announces Harlowe as a significant talent
