The Net and the Butterfly Olivia Fox Cabane, Judah Pollack, 2017-02-07 In *The Charisma Myth* Olivia Fox Cabane offered a groundbreaking approach to becoming more charismatic Now she teams up with Judah Pollack to reveal how anyone can train their brain to have more eureka insights The creative mode in your brain is like a butterfly It's beautiful and erratic hard to catch and highly valued as a result If you want to capture it you need a net Enter the executive mode the task oriented network in your brain that helps you tie your shoes run a meeting or pitch a client To succeed you need both modes to work together your inner butterfly to be active and free but your inner net to be ready to spring at the right time and create that aha moment But is there any way to trigger these insights beyond dumb luck Thanks to recent neuroscience discoveries we can now explain these breakthrough moments and also induce them through a series of specific practices It turns out there's a hidden pattern to all these seemingly random breakthrough ideas From Archimedes' iconic moment in the bathtub to designer Adam Cheyer's idea for Siri accidental breakthroughs throughout history share a common

origin story In this book you will learn to master the skills that will transform your brain into a consistent generator of insights Drawing on their extensive coaching and training practice with top Silicon Valley firms Cabane and Pollack provide a step by step process for accessing the part of the brain that produces breakthroughs and systematically removing internal blocks Their tactics range from simple to zany such as Imagine an alternate universe where gravity doesn't exist and the social and legal rules that govern it Map Disney's Pocahontas story onto James Cameron's Avatar Rid yourself of imposter syndrome through mental exercises Literally change your perspective by climbing a tree Stimulate your butterfly mode by watching a foreign film without subtitles By trying the exercises in this book readers will emerge with a powerful new capacity for breakthrough thinking *Terrastina and Mazolli* Mario Milosevic, 2007-12-13 Follow the everyday adventures of coffee shop owners Terrastina and Mazolli and their precocious twin daughters Laugh and cry alongside them as they manage their business and cope with the eccentric members of their small town community A sweet story filled with love humor and penguins You'll never look at a cup of joe the same way again Bonus features include an interview with the author and an episode commentary Bonus features only in print and kindle editions not in audio edition *Visible Amazement* Gale Zoe Garnett, 2001-04-12 Meet Roanne Chappell definitely not your ordinary teenage girl A product of the loving but decidedly unorthodox guardianship of her mother Del Roanne is a fascinating study in contrasts Equal parts bold seductress and wide eyed innocent smart ass teenager and wizened sage she is an outlandish charismatic and wholly inspired creation Unabashedly outspoken and an increasingly accomplished flirt Roanne quietly longs for escape particularly from her mother's overwhelming and overpowering shadow Her chance comes after she discovers much to her horror that the professor she had slept with is also bedding her mother I just can't seem to stop feeling like one of those air sucking dogs people leave in cars with the windows open just a tiny bit I need to put my whole face my whole self in the air for a while to try and figure out who I am when I'm not standing next to my amazing mum To clear her head Roanne begins a journey and goes from feeling like an outsider to being embraced by a very special group of people people whom most others have found strange or different but with whom Roanne feels right at home From a marriage proposal by the teenage son of the founders of the Christian Rebirth Center to her relationship with new best friend Gilbey Tarr the sixteen year old Teenage Goddess from Outer Space to a reunion with Dickie Siggins international pop star and her mother's life long friend to a bittersweet reconciliation with Del Roanne soars headfirst into a world of tragedy and comedy and in the process learns about life love and death and everything in between With this richly satisfying debut novel Gale Zo Garnett has channeled Roanne's outsized passions into a tightly crafted and powerfully moving narrative charting a journey to lands unknown emotions untapped and experience unforeseen *Visible Amazement* injects contemporary fiction with welcome jolts of crackling humor and unexpected drama Written in a totally original and unique voice the novel like its heroine is delightful disturbing and utterly unforgettable *The Sharing Economy: Its Pitfalls and Promises* Michael C. Munger, 2021-08-12 Transactions have

always taken place For hundreds of years that place was a market or more recently a shopping mall But in the past two decades these physical locations have increasingly been replaced by their virtual counterparts online platforms Here author Michael C Munger demonstrates how these platforms act as matchmakers or middlemen a role traders have adopted since the very first exchanges thousands of years ago The difference today is that the matchmakers often play no direct part in buying or selling anything they just help buyers and sellers find each other Their major contribution has been to reduce the costs of organising and completing purchases rentals or exchanges The Sharing Economy Its Pitfalls and Promises contends that the key role of online platforms is to create reductions in transaction costs and it highlights the importance of three Ts triangulation transfer and trust in bringing down those costs
