

## OUR 10-K RESULTS

"GE had a challenging year in 2017. While most of our businesses showed solid—and, in the cases of Aviation and Healthcare, world-class—performance, our cash flow did not meet our expectations, we took significant charges on GE Capital and we made difficult decisions regarding the divisional exit members of our teams. As we move forward, we are focusing on running our businesses better. This really means concentrating on fewer things to deliver customer outcomes, strengthening our business units, running the Company for cash and driving a new culture for the future. We are also continuing to review every option to ensure the best results for our customers, employees and owners."
