Hoare,2011-09-06 One of the Best Books of 2011 from the Center for Optimal Adult Development The fields of adult
development and the study of learning have traditionally been considered separate with development falling under
psychology and learning under education However recent ideas research and practices that have emerged in these fields of
study effectively emphasize the inherent reciprocal relationship that exists between them advances in development
frequently lead to learning and conversely learning almost necessarily fuels development In this second edition of The Oxford
Handbook of Reciprocal Adult Learning and Development the synchronicity between development and learning is explored
further as expert authors advance the latest theories to provide a rich foundation for this new area of study and practice for
this interrelated field of study At the border of two disciplines this handbook focuses on the capacities of intelligence meta
cognition insight self efficacy spirituality interpersonal competence wisdom and other key adult attributes as they relate to
positive changes and personal growth in adults Contexts for development and learning e g the work role and environment are
also addressed and mixed in throughout the volume are emanating implications for research practice and policy What
emerges is a thoughtful handbook for all who promote optimal aging and is a must read for academics psychologists and
