Death of the Mantis Michael Stanley,2011-09-06 In the southern Kalahari area of Botswana an arid landscape of legends that speak of lost cities hidden wealth and ancient gods a fractious ranger named Monzo is found dying from a severe head wound in a dry ravine Three Bushmen surround the doomed man but are they his killers or there to help Detective David Kubu Bengu is on the case an investigation that his old school friend Khumanego claims is motivated by racist antagonism on the part of the local police But when a second bizarre murder and then a third seem to point also to the nomadic tribe the intrepid Kubu must journey into the depths of the Kalahari to uncover the truth What he discovers there will test all his powers of detection and his ability to remain alive *Mud, Sands and Seas* Denis Montgomery,2008-11 This a collection of travel stories over nearly sixty years from 1949 to 2007 During that time the author saw many changes in

Africa and recorded them with his observations often with the goal of extending his knowledge of history and pre history of the region These stories fill gaps between previous books devoted to particular expeditions Pilgrim Geoff Dalglish,2022-08-18 Pilgrim is a thought provoking and inspirational true story of transformation as the author awakens to the realisation that Life begins at the end of your comfort zone and that nothing is impossible when we dare to dream big and take that leap of faith **Official Gazette** Philippines,2013 **The Debris of Drugs and Alcohol: Finding Peace in the Midst of the Broken Pieces** Mimi Kashira Haws,2023-10-04 As people we all struggle with stress moments of panic times of confusion and other times that we feel overwhelmed and we can t sleep And if it was up to the devil he would be more than happy to medicate all of us with his fake remedies of alcohol and drugs He is an opportunist experienced in using our problems our vulnerability our wounding our pain our traumatic past experiences to get us where he wants He is good at offering temporary relief for deeper crises of the soul This is my true story of God stepping into my messy shattered and broken family life and rescuing me You see freedom according to Satan is being away from God I don t think my son had any idea of who the devil was or how cunning he could be He befriends to destroy he gives to take away As a mother of an adult struggling with addiction my life was paralyzed Every breath increased my pain of hopelessness and despair I felt afraid alone and abandoned by God God seemed distant absent silent and unconcerned I felt like running but there was no place to hide Was God punishing me Where and how did I go wrong Sharing my painful journey was not an easy step I tried at all costs to hide this painful part of my life It took years in my classroom of pain for my mind to be unshackled by the Teacher the Holy Spirit I no longer need to hide nor be ashamed of my challenges with my prodigal son Nevertheless breaking free from shame stigma and judgment is a process that took years When we only let others see the beautiful parts of our stories avoiding our broken painful chapters we mislead people and perhaps they envy us for what they falsely think are perfect lives Worse we misrepresent the power of the good news that reaches down into our broken souls hearts and lives to provide peace from our broken pieces Dear waiting praying and expecting parents of struggling children I believe God wants to usher you to your own breakthrough healing and freedom You can learn to relinquish your child ren to God Do not lose hope Have faith In his time he will make all things beautiful for us God wastes nothing even our pain **The Pygmy Hippo Story** Phillip T. Robinson,Gabriella L. Flacke,Knut M. Hentschel,2017-03-01 Though the pygmy hippopotamus has been designated as a flagship species of West African forests meaning that by raising conservation efforts for a single species an entire ecological region could benefit very little research has been published on the animal They are solitary nocturnal and highly evasive and until recent developments in camera trap technology they were considered the least photographed large mammal species in the world The information currently available on this endangered species is scattered limited redundant and often inaccurate and no major volume exists as a resource for those interested in the conservation effort for the species until now Phillip Robinson and his coauthors provide a treatment of the natural history biology and ecology of the pygmy

hippo along with a discussion of the rare animal's taxonomic niche and a summary of the research initiatives involving it up to this point. The authors show the ways in which the pygmy hippo has come into contact with people in West African countries both in terms of ecological and cultural impact. This creature has been the subject of local folktales and is treated as almost mythic in some regions. Information on issues related to captivity, breeding, and zoos is provided. The book is heavily illustrated with original photographs and anatomic drawings. The project should be of use to conservation biologists, zoologists, and natural history readers and will be the definitive single volume account of an animal that the scientific community has designated to be ecologically significant to West Africa. **Kate Gallagher and the Zimmermanite Quest**

On September 17, 1989, it all ended in a flash of wind, rain, and fury. The AIR Studios Montserrat recording studio, owned by Sir George Martin, often referred to as the Fifth Beatle, operated from 1979 to 1989 on the small, picturesque Caribbean island of Montserrat. Playing host to some of the biggest recording artists of the 1980s, this studio produced many of the hit songs integral to the musical fabric of that decade. The isolated tropical environment of the studio's location on Montserrat created a unique creative environment not found anywhere else in the world. To many of those who worked and recorded there, it is regarded as a very special place, an experience that left an indelible imprint on their lives. Sadly, the storied history of AIR Studios Montserrat was suddenly cut short when the destructive forces of Hurricane Hugo battered the island in September of 1989. Over 30 years later, the remains of the studio lay in ruin as the island reclaims the land that was once creative, fertile ground for artists such as The Police, Dire Straits, Paul McCartney, Duran Duran, and Elton John. The prolific musical output from AIR Studios Montserrat cemented its place in music history and world culture. The studio's sudden demise at the hands of Hurricane Hugo creates an emotional ending to an important artistic enclave that touched so many people around the

world The story of its creation operation and demise needs to be told so it can be appreciated by the millions of music fans whose lives were defined by the music recorded there
