

# Children's Book: Autobiography

Hi. My name is Josh and I am one of the authors of this book. I live in New York, near Manhattan with my mother and my sister. I am in secondary 2 and I go to Sherman High school. My favourite things to do (hobbies) is hanging out with my friends, playing basketball after school and going to the mall.

When I grow up, I would like to be an airplane pilot for the United States Army. I love airplanes and I think it would be the best job for me.

My favourite kids book when I was small was "Aladdin, prince of thieves". I really had a good time doing this book with Amanda. She was the writer of the story and I was the artist of the drawings.

Hello everybody!

My name is Amanda, and I am also one of the authors of this kid's book. I live in New York and I am 14 years old (fourteen).

I love kids and I have one younger sister, so for me this project was lots of fun. When I grow up, I want to become an elementary teacher.

My hobbies are talking on the phone, going shopping and playing in the volleyball team at school. When I was a little girl, I really liked the story of "Cinderella".

I really hope you love this book! I'd also like to thank Josh for the good work. Bye.

## INSTRUCTIONS:

Now that you have finished creating your children's book, you and your partner need to write a little something about yourselves, behind your book. Follow the examples above and answer these wh-questions:

- What is your name?
- Where do you live?
- How old are you?
- What did you think about this project?
- What do you want to do when you grow up?
- What are your hobbies?
- What was your favorite children's book?
- Who would you like to thank for your book/inspiration (parents, friend, teacher)?

Shujaa,2015-07-13 The Encyclopedia of African Cultural Heritage in North America provides an accessible ready reference on the retention and continuity of African culture within the United States Our conceptual framework holds first that culture is a form of self knowledge and knowledge about self in the world as transmitted from one person to another Second that African people continuously create their own cultural history as they move through time and space Third that African descended people living outside of Africa are also contributors to and participate in the creation of African cultural history Entries focus on illuminating Africanisms cultural retentions traceable to an African origin and cultural continuities ongoing practices and processes through which African culture continues to be created and formed Thus the focus is more culturally specific and less concerned with the broader transatlantic demographic political and geographic issues that are the focus of similar

recent reference works We also focus less on biographies of individuals and political and economic ties and more on processes and manifestations of African cultural heritage and continuity
