Kim Jong Un Superhuman:

Kim Jong-un Holy Ghost Writer, 2015-02-07 Could it be that the United States of America has isolated North Korea because it will not join the secret societies that rule the world Would you like to read a parody on The Interview If either of these are a possibility in your mind this novella might be for you Superhuman Nature Brandon Overall, 2013-09-27 Superhuman Nature is Brandon Overall's first novel It was written and published during his first deployment to Afghanistan as a 2nd Lieutenant in late 2013 Neil Hitchens was a senior ROTC Cadet in college He was just weeks away from graduating and becoming an Officer in the United States Army until a strange dream set off a chain of events that would twist his life into something he could have never prepared for In the days following his dream several strange happenings occurred that he began to suspect were the result of his own actions Before long he discovered that he had the ability to control the world around him with his mind What started out as an unpredictable ability quickly evolved into an extraordinary power that had the capacity to change the world It didn't take long for the government to find out what Neil could do They knew having such limitless potential on the side of the US Military could give them limitless political influence and they would stop at nothing to get Neil to do their bidding They would find out what happens when you back a dangerous animal into a corner Neil spent his whole life believing he would amount to greatness but he never expected how greatness could corrupt even the most innocent of minds **Becoming Kim Jong Un** Jung H. Pak, 2021-04-06 A groundbreaking account of the rise of North Korea's Kim Jong Un from his nuclear ambitions to his summits with President Donald J Trump by a leading American expert Shrewdly sheds light on the world's most recognizable mysterious leader his life and what's really going on behind the curtain Newsweek When Kim Jong Un became the leader of North Korea following his father's death in 2011 predictions about his imminent fall were rife North Korea was isolated poor unable to feed its people and clinging to its nuclear program for legitimacy Surely this twentysomething with a bizarre haircut and no leadership experience would soon be usurped by his elders Instead the opposite happened Now in his midthirties Kim Jong Un has solidified his grip on his country and brought the United States and the region to the brink of war Still we know so little about him or how he rules Enter former CIA analyst Jung Pak whose brilliant Brookings Institution essay The Education of Kim Jong Un cemented her status as the go to authority on the calculating young leader From the beginning of Kim's reign Pak has been at the forefront of shaping US policy on North Korea and providing strategic assessments for leadership at the highest levels in the government Now in this masterly book she traces and explains Kim's ascent on the world stage from his brutal power consolidating purges to his abrupt pivot toward diplomatic engagement that led to his historic and still poorly understood summits with President Trump She also sheds light on how a top intelligence analyst assesses thorny national security problems avoiding biases questioning assumptions and identifying risks as well as opportunities In piecing together Kim's wholly unique life Pak argues that his personality perceptions and preferences are underestimated by Washington policy wonks who assume he sees the world as

they do As the North Korean nuclear threat grows *Becoming Kim Jong Un* gives readers the first authoritative behind the scenes look at Kim s character and motivations creating an insightful biography of the enigmatic man who could rule the hermit kingdom for decades and has already left an indelible imprint on world history *Dictator's Handbook* Randall Wood, Carmine DeLuca, 2012-06 Ever wonder if the world s tyrants are all using the same instruction manual They are here it is From getting to power to dividing your enemies suppressing revolution stealing elections and making your fortune this 320 page volume shows you how the pros have been doing it for centuries Fully factual with a complete bibliography and footnotes the Dictator s Handbook gives you a road map to tyranny step by step Beautifully illustrated by a professional artist the text is funny and deadly serious This is truly a practical manual for the aspiring tyrant *Choose Your Own Apocalypse With Kim Jong-un & Friends* Rob Sears, 2019-10-03 There are many ways civilisation could end even with wise benevolent leaders like Kim Jong un Donald Trump and Vladimir Putin watching over us Now in this fun interactive story of global doom YOU decide how humanity perishes Will we be turned to grey goo by Elon Musk s nanobots Driven collectively insane by Russia s most potent memes Or smashed to atoms by someone sitting on the wrong button in North Korea In this book YOU will meet the leaders with the future of civilisation in their hands And YOUR wits and judgement will decide how we all inevitably die Or then again maybe just maybe with a little positive thinking YOU will find a way to keep us all safe long enough to expire of old age and global warming instead Just don t get too hopeful On every page of *Choose Your Own Apocalypse with Kim Jong un Friends* the end of your choice is most definitely nigh *All Monsters Must Die* Magnus Bårtås, Fredrik Ekman, 2015-03-27 In 1948 the Democratic People s Republic of Korea is founded by General Kim Il sung In 1978 North Korea celebrates the thirtieth anniversary of its founding and Kim Jong il who at the time is the head of the Propaganda and Agitation Department orders the kidnapping of the greatest South Korean movie star the actress Madame Choi and her ex husband the famous film director Shin Sang ok In 2008 North Korea celebrates its sixtieth anniversary and Magnus B rt s and Fredrik Ekman take a bizarre heavily guided tour to the world s most isolated country In *All Monster Must Die* the authors Magnus B rt s and Fredrik Ekman weave together these three stories to create a mosaic of North Korea past and present from the Japanese occupation to the demarcation of the border at the 38th parallel and the Korean War the development of North Korean Juche ideology the establishment of the Kim dynasty s cult of personality and the aggressive manufacturing of political propaganda which motivated the kidnapping of South Korea s most famous film couple Intelligent and shocking this book offers a rare and fascinating window into the hermit kingdom and includes an updated chapter on the passing of Kim Jong il and the declaration of his son Kim Jong un as supreme leader **Japan and Asia's Contested Order** Yul Sohn, T. J. Pempel, 2018-08-20 This book brings together up to date research from prominent international scholars in a collaborative exploration of the Japan s efforts to shape Asia s rapidly shifting regional order Pulled between an increasingly inward looking America whose security support remains critical and a rising and more militarily assertive China with whom

Japan retains deep economic interdependence Japanese leaders are consistently maneuvering to ensure the country's regional interests Nuclear and missile threats from North Korea and historically problematic relations with South Korea further complicate Japanese endeavors So too do the shifting winds of Japanese domestic politics economics and identity The authors weave these complex threads together to offer a nuanced portrait of both Japan and the region Scholars observers of politics and policymakers will find this a timely and useful collection

North Korea Patrick McEachern, 2019-03-05 After a year of trading colorful barbs with the American president and significant achievements in North Korea's decades long nuclear and missile development programs North Korean leader Kim Jong Un declared mission accomplished in November 2017 Though Kim's pronouncement appears premature North Korea is on the verge of being able to strike the United States with nuclear weapons South Korea has long been in the North Korean crosshairs but worries whether the United States would defend it if North Korea holds the American homeland at risk The largely ceremonial summit between US president Donald Trump and Kim Jong Un and the unpredictability of both parties has not quelled these concerns and leaves more questions than answers for the two sides negotiators to work out The Korean Peninsula's security situation is an intractable conflict raising the question How did we get here In this book former North Korea lead foreign service officer at the US embassy in Seoul Patrick McEachern unpacks the contentious and tangled relationship between the Koreas in an approachable question and answer format While North Korea is famous for its militarism and nuclear program South Korea is best known for its economic miracle familiar to consumers as the producer of Samsung smartphones Hyundai cars and even K pop music and K beauty Why have the two Koreas developed politically and economically in such radically different ways What are the origins of a divided Korean Peninsula Who rules the two Koreas How have three generations of the authoritarian Kim dictatorship shaped North Korea What is the history of North South relations Why does the North Korean government develop nuclear weapons How do powers such as Japan China and Russia fit into the mix What is it like to live in North and South Korea This book tackles these broad topics and many more to explain what everyone needs to know about South and North Korea

Freedom in the World 2008 Freedom House, 2008-09-05 A survey of the state of human freedom around the world investigates such crucial indicators as the status of civil and political liberties and provides individual country reports

Leader Symbols and Personality Cult in North Korea Jae-Cheon Lim, 2015-03-24 The legitimacy of the North Korean state is based solely on the leaders personal legitimacy and is maintained by the indoctrination of people with leader symbols and the enactment of leadership cults in daily life It can thus be dubbed a leader state The frequency of leader symbols and the richness and scale of leader symbol making in North Korea are simply unrivalled Furthermore the personality cults of North Korean leaders are central to people's daily activity critically affecting their minds and emotions Both leader symbols and cult activities are profoundly entrenched in the institutions and daily life and if separated and cancelled the North Korean state would be transformed This book analyses North Korea as a leader state focusing on two

elements leader symbols and cult activities It argues that these elements have been and continue to be the backbone of North Korea shaping North Korean culture To reveal the leader state character the book specifically examines North Korea s leadership cults its use of leader symbols in these cults and the nature of the symbolism involved How has the North Korean state developed the cult of the Kim Il Sung family How does the state use leader symbols to perpetuate this cult How has the state developed myths and rituals that sustain the cult in daily life What leader images has state propaganda manufactured How does the state s manipulation of leader symbols affect the symbolism that is assigned to the leader s actions In answering these questions this book sheds new light on the strength and resilience of the North Korean state and shows how it has been able to survive even the most difficult economic period of the mid 1990s **Leader Symbols and Personality Cult in North Korea** will be essential reading for students and scholars of North Korea Korean politics Asian politics political sociology and visual politics Morse Tan,2015-04-24

North Korea, International Law and the Dual Crises Morse Tan,2015-04-24 The Democratic People s Republic of Korea DPRK has a reputation as one of the worst human rights situations in the world This book utilizes a unique international law perspective to examine the actions and inactions of North Korea with regard to international security and human rights Adopting political military historical and legal perspectives the book explores how the two issues of nuclear weapons and the human rights abuses in North Korea are interconnected and why the international community should apply the same international law framework to find a solution for both Drawing on eyewitness accounts such as refugee and defector testimony Morse Tan offers a real life story of North Korea that covers the pertinent law and constructive approaches of its regime Tan examines the specific objectives and actions of the North Korean government and measures these according to international legal obligations such as applicable treaty law jus cogens norms and customary international law The book concludes by offering solutions for dealing with international security surrounding the Korean Peninsula and forwards a proposal for the creation of a tribunal to prosecute those at the top of the regime for international crimes and human rights abuses As a project exploring the extremes of international law violation this book will be of great interest and use to readers interested in the history and political and legal implications of the strategies employed by the North Korea government

Family Planning: Rules for a Healthy Cult Nations United Together Society - NUTS, This self help book for cult leaders is ideal for anyone with a sense of humor Dark and provocative humor In a satirical twist it uses short stories about 40 different cults as case studies to teach the vital steps for starting your own cult The lessons will ensure that your cult becomes a vibrant flourishing network of submissive lemmings and extension of God s will interpretable by no one but you *Giftedness and Talent in the 21st Century* Don Ambrose,Robert J. Sternberg,2016-07-15 When today s gifted and talented young people emerge into adulthood will they be able to overcome some enormous 21st century problems that are pushing us toward large scale socioeconomic devastation Will they be able to capitalize on unprecedented opportunities that can lead to widespread prosperity and fulfillment This book explores these questions while yielding

insights from many of the world's leading scholars of giftedness and talent development. Until now there has been inadequate understanding of 21st century trends and issues that influence the gifted and talented. The book provides some clarity by establishing a big picture interdisciplinary overview of the socioeconomic, cultural, and technological pressures emerging from 21st century globalization and describing some ways in which those pressures simultaneously suppress, distort, and invigorate the discovery of aspirations and the development of talents. Throughout the volume, prominent scholars of gifted education and talent development use their impressive knowledge bases to clarify how we can adjust our thoughts and actions in order to give ourselves the best possible chances for success in this complex world. This impressive volume, edited by two of the world's leading thinkers on these topics, includes the perspectives of many of our best thinkers on issues of talent development and giftedness, and they offer an array of provocative perspectives on how we can better address our culture's and our economy's tremendous need for talent in the 21st century.

Jonathan Plucker, Julian C. Stanley, Endowed Professor of Talent Development, Johns Hopkins University. Turbulence in the subtitle is apt. The text *Giftedness and Talent in the 21st Century* is filled with strongly voiced perspectives from international authors who focus on how to conceptualize education as a creative and holistic enterprise within the context of globalization.

Ann Robinson, Past President, National Association for Gifted Children. Comparative Economics in a Transforming World Economy, third edition. J. Barkley Rosser, Jr., Marina V. Rosser, 2018-01-26. An approach to comparative economic systems that avoids simple dichotomies to examine a wide variety of institutional and systemic arrangements with updated country case studies. Comparative economics with its traditional dichotomies of socialism versus capitalism, private versus state and planning versus market is changing. This innovative textbook offers a new approach to understanding different economic systems that reflects both recent transformations in the world economy and recent changes in the field. This new edition examines a wide variety of institutional and systemic arrangements, many of which reflect deep roots in countries' cultures and histories. The book has been updated and revised throughout with new material in both the historical overview and the country case studies. It offers a broad survey of economic systems, then looks separately at market capitalism, Marxism, and socialism, and new traditional economies with an emphasis on the role of religions. Islam, in particular, in economic systems. It presents case studies of advanced capitalist nations, including the United States, Japan, Sweden, and Germany, alternative paths in the transition from socialist to market economies taken by such countries as Russia, the former Soviet republics, Poland, China, and the two Koreas, and developing countries including India, Iran, South Africa, Mexico, and Brazil. The new chapters on Brazil and South Africa complete the book's coverage of all five BRICS nations; the chapter on South Africa extends the book's comparative treatment to another continent. The chapter on Brazil, with its account of the role of the Amazon rain forest as a great carbon sink, expands the coverage of global environmental and sustainability issues. Each chapter ends with discussion questions.

Biography Public Interest Mark Chambers, AI, 2025-02-20. Biography Public Interest explores how the lives of public

figures are shaped into narratives that influence public opinion and political discourse It delves into the increasing intersection of personal lives and public personas intensified by today s media landscape The book uniquely focuses on how these biographical narratives serve specific political or social agendas rather than merely recounting individual lives The book begins by establishing a framework for analyzing biographical accounts drawing from political science and media studies It then presents case studies of individuals whose lives have been extensively documented providing detailed examples of different biographical strategies and their consequences For example the media s portrayal can legitimize or delegitimize political actors This fact based analysis draws upon publicly available records The concluding section synthesizes these analyses offering insights into the broader implications of biographical narratives for democratic processes and public trust By examining biographical narratives as strategic communication tools Biography Public Interest provides valuable insights for journalists political strategists and anyone seeking a deeper understanding of the forces shaping our political world

Communism in the 21st Century Shannon Kurt Brincat,2013-12-12 A compelling three volume exploration of the philosophical social and political facets of the theory and practice of communism within the conditions of 21st century world politics and late capitalism The world has changed significantly and so has communism This groundbreaking three volume series comprises contributions from over 30 experts that thoroughly address the past present and future of communism The entries assess the modern re articulation of the notion of communism and its potential emergence against the backdrop of recent historical conditions and contemporary world politics taking into account the ongoing global financial crisis recent revolutions throughout the Middle East Occupy protest events and anti globalization movements The first volume reexamines Marx s ideas from many distinct viewpoints while the second volume considers the numerous challenges facing existing communist parties including those in China Cuba North Korea and Vietnam The last volume explores the future of communist thought and practice in the context of the modern world and the recurrent crises of capitalism

The Great Wave Francis Turnly,2024-11-28 This Student Edition is ideal for any teacher coming to Francis Turnly s 2018 play for the first time or those who already have some familiarity with it Spanning 1979 to 2003 The Great Wave looks at the mysterious disappearance of a Japanese schoolgirl and her mother and sister s tireless search to find her again The girl Hanako is discovered living in captivity in a compound in North Korea employed to teach a young woman Japanese language and culture Francis Turnly s gripping play is based on a a true story and it conveys not only the magnitude of these events globally but also the beating human heart at the centre of this story The commentary in the edition unpacks This edition is invaluable in helping to make sense of this thematically and contextually rich play for students and to bring it alive through the discussion of its inherent theatricality and production opportunities

North Korea in Transition Kyung-Ae Park,Scott Snyder,2013 Following the death of Kim Jong Il North Korea has entered a period of profound transformation laden with uncertainty This authoritative book brings together the world s leading North Korea experts to analyze both the challenges

and prospects the country is facing Drawing on the contributors expertise across a range of disciplines the book examines North Korea s political economic social and foreign policy concerns Considering the implications for Pyongyang s transition it focuses especially on the transformation of ideology the Worker s Party of Korea the military effects of the Arab Spring the emerging merchant class cultural infiltration from the South Western aid and global economic integration The contributors also assess the impact of North Korea s new policies on China South Korea the United States and the rest of the world Comprehensive and deeply knowledgeable their analysis is especially crucial given the power consolidation efforts of the new leadership underway in Pyongyang and the implications for both domestic and international politics Contributions by Nicholas Anderson Charles Armstrong Bradley Babson Victor Cha Bruce Cumings Nicholas Eberstadt Ken Gause David Kang Andrei Lankov Woo Young Lee Liu Ming Haksoon Paik Kyung Ae Park Terence Roehrig Jungmin Seo and Scott Snyder

North Korea and the World Walter C. Clemens Jr., 2016-07-22 With nearly twenty five million citizens a secretive totalitarian dictatorship and active nuclear and ballistic missile weapons programs North Korea presents some of the world s most difficult foreign policy challenges For decades the United States and its partners have employed multiple strategies in an effort to prevent Pyongyang from acquiring weapons of mass destruction Washington has moved from the Agreed Framework under President Bill Clinton to George W Bush s denunciation of the regime as part of the axis of evil to a posture of strategic patience under Barack Obama Given that a new president will soon occupy the White House policy expert Walter C Clemens Jr argues that now is the time to reconsider US diplomatic efforts in North Korea In *North Korea and the World* Clemens poses the question Can should and must we negotiate with a regime we regard as evil Weighing the needs of all the stakeholders including China Japan Russia and South Korea he concludes that the answer is yes After assessing nine other policy options he makes the case for engagement and negotiation with the regime There still may be time to freeze or eliminate North Korea s weapons of mass destruction Grounded in philosophy and history this volume offers a fresh road map for negotiators and outlines a grand bargain that balances both ethical and practical security concerns

Change and Continuity in North Korean Politics Adam Cathcart, Robert Winstanley-Chesters, Christopher K. Green, 2016-11-03 In the years since the death of Kim Jong il and the formal acknowledgement of Kim Jong un as head of state the North Korean regime has made a series of moves to further augment and consolidate the ideological foundations of Kimism and cement the young leader s legitimacy Historical narratives have played a critical if often unnoticed role in this process This book seeks to chronicle these historical changes and continuities *Continuity and Change in North Korean Politics* explores the stable and shifting political cultural and economic landscapes of North Korea in the era of Kim Jong un The contributors deploy a variety of methodologies of analysis focused on the content narratives and discourses of politics under Kim Jong un tracing its historical roots and contemporary practical and conceptual manifestations Moving beyond most analyses of North Korea s political and institutional ideologies the book explores uncharted spaces of social and cultural relations including children s

literature fisheries grassland reclamation commemorative culture and gender By examining critical moments of change and continuity in the country's past it builds a holistic analysis of national politics as it is currently deployed and experienced Demonstrating how historical political and cultural narratives continue to be adapted to suit new and challenging circumstances this book will be of interest to students and scholars of Korean Studies Korean Politics and Asian Studies
