**of Judaism and Christianity** Holger M. Zellentin, 2019-03-20 This volume explores the relationship between the Qur an and

the Jewish and Christian traditions considering aspects of continuity and reform The chapters examine the Qur'an's retelling of biblical narratives as well as its reaction to a wide array of topics that mark Late Antique religious discourse including eschatology and ritual purity prophetology and paganism and heresiology and Christology Twelve emerging and established scholars explore the many ways in which the Qur'an updates transforms and challenges religious practice beliefs and narratives that Late Antique Jews and Christians had developed in dialogue with the Bible The volume establishes the Qur'an's often unique perspective alongside its surprising continuity with Judaism and Christianity Chapters focus on individual suras and on intra-Qur'anic parallels on the Qur'an's relationship to pre-Islamic Arabian culture on its intertextuality and its literary intricacy and on its legal and moral framework It illustrates a move away from the problematic paradigm of cultural influence and instead emphasizes the Qur'an's attempt to reform the religious landscape of its time The Qur'an's Reformation of Judaism and Christianity offers new insight into the Islamic Scripture as a whole and into recent methodological developments providing a compelling snapshot of the burgeoning field of Qur'anic studies It is a key resource for students and scholars interested in religion Islam and Middle Eastern Studies **La polémique dans le Coran** Mehdi Azaiez, 2012

This book aims to demonstrate that the accounts that feature Mu'ammad's grandfather in Ibn Isq's *Sira* are the product of narrative engineering Through a narrative sequence in which Abd al-Mu'alib is the hero several intriguing episodes follow one another in a causal manner and lead to the birth of a future prophet Articulated with a historical anthropology the narrative analysis reveals that the *Sira* is the heir to the royal literature of the ancient Near East Using motifs and themes from the culture of the Fertile Crescent the *Sira* makes Abd al-Mu'alib a royal figure in the service of legitimising the Abbasid dynasty heir par excellence to Ishmael and restorer of the Abrahamic covenant Cet ouvrage entend démontrer que les récits qui mettent en scène le grand-père de Mu'ammad dans la *Sira* d'Ibn Isq sont le produit d'une ingénierie narrative travers une séquence narrative dont Abd al-Mu'alib est le héros plusieurs épisodes intrigants s'enchaînent d'une manière causale et aboutissent à la naissance d'un futur prophète Articulé avec une anthropologie historique l'analyse narrative révèle que la *Sira* est l'héritière de la littérature royale du Proche-Orient ancien partir de motifs et de thématiques

Ibrahim,2024 The Arabic Muslim literature on Muhammad s maghazi is bountiful Since this book focuses on Muhammad s maghazi a survey of this literature is important not only to establish the centrality of the topic in Islamic thought but also to relay the uniqueness and contribution of this book To that end in this chapter I will first explore that which classical Muslim narrators wrote on Muhammad s maghazi and the ways they used the accounts to reflect Allah s support for Muhammad and the believers In the second section I will examine discussions by modern and contemporary Muslims relaying how they interpret the accounts of the maghazi In particular I will discuss their articulation of the motivations and results of Muhammad s military campaigns The first two sections of this chapter will thus establish the centrality of the maghazi as a literary genre as well as its importance among Muslims past and present In the third section I take the discussion to non Muslim scholarship I explore briefly early views on Muhammad and his career by non Muslims before I focus on works and arguments of key Western scholars from the nineteenth century until our present day Conversion to Islam Ayman S.

Ibrahim,2021-02-02 Why did non Muslims convert to Islam during Muhammad s life and under his immediate successors How did Muslim historians portray these conversions Why did their portrayals differ significantly To what extent were their portrayals influenced by their time of writing religious inclinations and political affiliations These are the fundamental questions that drive this study Relying on numerous works including primary sources from over a hundred classical Muslim historians Conversion to Islam is the first scholarly study to detect trace and analyze conversion themes in early Muslim historiography emphasizing how classical Muslims remembered conversion and how they valued and evaluated aspects of it Ayman S Ibrahim examines numerous early Muslim sources and wrestles with critical observations regarding the sources reliability and unearths the hidden link between historical narratives and historians religious sympathies and political agendas This study leads readers through a complex body of literature provides insights regarding historical context and creates a vivid picture of conversion to Islam as early Muslim historians sought to depict it The Qur'ān Karim

**Theological Issues in Christian-Muslim Dialogue** Charles Tieszen,2018-06-08 Theological Issues in Christian Muslim Dialogue addresses the main theological topics of discussion that appear in Christian Muslim engagement Many of these topics originate in the medieval period and the earliest encounters between Christians and Muslims Even so the topics persist in contemporary contexts of dialogue and engagement Christians and Muslims still discuss whether or not God should be understood as strictly one or as a Trinity in Unity and debates over the nature of revelation or prophethood remain Theological reflection therefore must continue to be brought to bear on these topics in light of their history and in view of their applicability to growing contexts of inter religious engagement Theological Issues in Christian Muslim Dialogue is a comprehensive theological sourcebook for students learning about Christian Muslim relations and practitioners engaged in Christian Muslim dialogue

**The Qur'an: A Guidebook** Roberto Tottoli,2023-02-20 The Qur'an A Guidebook is an updated English version of the work appeared in Italian Rome 2021 *Leggere e studiare il Corano* which deals with the contents of the Qur'an the style and formal features of the text the history and fixation of it and an outline of the reception in Islamic literature The aim of the work is to give a reader a description of what he she can find in the Islamic holy text and the state of the critical debates on all the topics dealt with focusing mainly on the growing scholarly literature which appeared in the last 30 years As such the work is unique in combining the aim to give comprehensive information on the topic and at the same time reconstruct the critical debate in a balanced outline also emphasizing confessional approaches and the dynamics in the study of the Qur'an There is nothing similar in contemporary scholarship and the book is a handbook for students and scholars of Islam but also for readers in religious studies who need to know how the main questions related to the Islamic text have been discussed in recent scholarship

*Islam and its Past* Carol Bakhos,Michael Cook,2017-06-03 *Islam and its Past* J hiliyya Late Antiquity and the Qur'an brings together scholars from various disciplines and fields to consider Islamic revelation with particular focus on the Qur'an The collection provides a wide ranging survey of the development and current state of Qur'anic studies in the Western academy It shows how interest in the field has recently grown how the ways in which it is cultivated have changed how it has ramified and how difficult it now is for any one scholar to keep abreast of it Chapters explore the milieu in which the Meccan component of the Qur'an made its appearance The general question is what we can say about that milieu by combining a careful reading of the relevant parts of the Qur'an with what we know about the

religious trends of Late Antiquity in Arabia and elsewhere More specifically the issue is what we can learn in this way about the manner in which the polytheists of the Qur'an related to the Jewish and Christian traditions were they Godfearers in the sense familiar from the study of ancient Judaism It looks at the Qur'an as a text of Late Antiquity not just considering those features of it that could be seen as normal in that context but also identifying what is innovative about it against the Late Antique background Here the focus is on the believers rather than the polytheists The volume also engages in different ways with notions of monotheism in pre Islamic Arabia This collection provides a broad survey of what has been happening in the field and concrete illustrations of some of the more innovative lines of research that have recently been pursued

*The Prophet's Whistle* George Archer, 2024-05-27 *The Prophet's Whistle* is a study of the ancient nonliterary features of the Quran George Archer uses observations from the anthropologies of living oral cultures the cognitive sciences of literacy and the study of other dead oral cultures When the Quran appeared in the seventh century it was a vocal recital performed by an unlettered man named Muhammad *The Prophet's Whistle* shows that the thought systems of the Quran are oral through and through but by the end of the life of its Prophet the Quran likewise hints at a personal and cultural embrace of writing and the mindsets of literate people

*Troubling Topics, Sacred Texts* Roberta Sterman Sabbath, 2021-10-04 Abrahamic scriptures serve as cultural pharmakon prescribing what can act as both poison and remedy This collection shows that their sometimes veiled but eternally powerful polemics can both destroy and build exclude and include and serve as the ultimate justification for cruelty or compassion Here scholars not only excavate these works for their formative and continuing cultural impact on communities identities and belief systems they select some of the most troubling topics that global communities continue to navigate Their analysis of both texts and their reception help explain how these texts promote norms and build collective identities Rejecting the notion of the sacred realm as separate from the mundane realm and beyond critical challenge this collection argues both implicitly and sometimes transparently for the presence of the sacred within everyday life and open to challenge The very rituals prayers and traditions that are deemed sacred interweave into our cultural systems in infinite ways Together these authors explore the dynamic nature of everyday life and the often brutal power of these texts over everyday meaning
