**The Dragon Griaule** Lucius Shepard, 2013 Lucius Shepard's acclaimed Dragon Griaule stories are presented here for the first time in a single volume This Fantasy Masterworks edition contains The Man Who Painted the Dragon Griaule The Scalehunter's Beautiful Daughter The Father of Stones Liar's House The Taborin Scale The Skull This is the definitive tale of the Dragon Griaule a beast so immense its body forms part of the landscape Beautiful Blood Lucius Shepard, 2014 Beautiful Blood begins in the 1850s in the town of Teocinte in a world separated from our own by the thinnest margin of possibility It is a landscape whose dominant feature is the massive long dormant body of an ancient dragon that has lain there motionless for millennia exerting a powerful but mysterious influence on the surround area The novel tells the story of Richard Rosacher an ambitious young medical student who becomes fascinated by the properties inherent in the dragon's blood His exploitation of those properties launches him on a career that leads him from the shabbiest quarter of Teocinte to a morally ambiguous position of power wealth and influence Beautiful Blood takes us through the entire length of that career which is marked throughout by the invisible agency of Griaule who may well be the driving force behind Rosacher's astonishing ascension The novel also encapsulates the events of the initial Griaule story events that dovetail neatly with the current tale Meric Cattanaay the eponymous protagonist of The Man Who Painted the Dragon Griaule makes a welcome reappearance here Meric's decades long involvement with the dragon begins at roughly the same time as Rosacher's Their stories proceed along parallel but independent lines that occasionally intersect providing us with a view of familiar events wider and deeper than any we have had before The result is a colorful involving narrative with profound metaphysical overtones one that raises but does not answer significant questions Is the dragon merely a bizarre but entirely natural phenomenon Or is he it the manifestation of some divine purpose And to what extent are the actions of men like Meric and Rosacher the reflections of its implacable but enigmatic will Questions such as these animate the narrative at every turn adding an extra level of resonance to one of the most original and important fictional creations of recent years dust jacket inside flaps Modern Classics of Fantasy Gardner Dozois, 2014-10-28 While humanity has been telling fantastic stories for millennia fantasy fiction has only come into its own as a genre in the latter half of the twentieth century as the works of such writers as J R R Tolkien and Robert E Howard have found a wide audience This wonderful collection celebrates fantasy's heyday with 33 masterpieces of short fiction ranging from 1940s stories by L Sprague de Camp H L Gold Fritz Leiber and Manly Wade Wellman to more recent tales by such towering modern talents as Peter S Beagle Terry Bisson James P Blaylock Suzy McKee Charnas John Crowley Tanith Lee Michael Swanwick Judith Tarr Howard Waldrop Jane Yolen and Roger Zelazny Just as Gardner Dozois's Modern Classics of Science Fiction has helped longtime fans and new readers alike discover the genre's finest short stories so too shall this anthology allow readers to find in one volume more than two dozen masterworks of fantasy **Le dragon Griaule** Lucius Shepard, 2013-09-11 Long de presque deux kilom tres du museau la queue haut de

the giant creature a cinematic trope that had languished for over a decade The film addressed the attacks of September 11 2001 trading the jingoistic rhetoric of retributive military aggression for serious engagement with personal and collective trauma It applied the horror genre's fascination with personal stories captured by found footage to the grand violence of history Innovative and intense Cloverfield represented blockbuster filmmaking at its best Cloverfield's franchising followed the path of high profile Hollywood properties This volume provides the first comprehensive overview of the franchise measuring how it steers precariously between the commercial potential creative risks and political challenges in Hollywood As 10 Cloverfield Lane 2016 and The Cloverfield Paradox 2018 struggled to sustain and update the franchise's original concept both films strengths and weaknesses come into focus by comparison with the original just as the historical sequence of all three films allows for a reassessment of Cloverfield itself Author Steffen Hantke examines how in the broader context of postmillennial Hollywood the Cloverfield franchise remains both a harbinger of the way Hollywood does business and a test case for the cinematic fantasies of apocalyptic disaster that continue to dominate global box office long after the Cold War that gave rise to giant creatures has ended and 9 11 has lost its hold on the global imagination As an inspiration for the next stage of blockbuster filmmaking in which franchises have replaced the singular cinematic masterpiece and marketing plays to fans as critics and scholars Cloverfield remains as relevant today as when it first unleashed its giant creature onto New York City over a decade ago
