Le Meacutedecin Maudit:

Music in the Service of the King: France in the Seventeenth Century Robert M. Isherwood, 1973 The arts particularly music are viewed in this work as an integral part of evolving royal absolutism during the reign of Louis XIV Drawing extensively on archival documents and musical scores the author views the historical association of music and monarchy as a continuous development beginning with the Valois and climaxing in Louis XIV's reign The king is pictured as a rational calculating man whose luxurious life style was politically motivated and who undertook the centralization of the arts to assure French artistic preeminence Elaborate costly musical productions were also used to distract the nobility to demonstrate French affluence to foreign powers and to embellish the royal image The Living Age, 1864 Littell's Living Age, 1864 Littell's Living Age Eliakim Littell, Robert S. Thresholds: A 'Complete' Table of the Borrowings in Yambo Ouologuem's *Le Devoir de violence*, and Why They Matter Christopher L. Miller, 2024-06-19 Recent research has revealed that the borrowings in Yambo Ouologuem's epochal novel *Le Devoir de violence* *Bound to Violence* are far more extensive than was previously thought Accused of plagiarism Ouologuem quit the Parisian literary world and returned to a definitive silence in Mali This book attempts to provide both a complete table of the borrowings in *Le Devoir de Violence* and a new theory of their meaning Miller dispels the myth that the borrowings are minor negligible or criminal he argues that they are artful thresholds openings to a profound reconsideration of African history Ouologuem set up this system of borrowings as a way to invite readers down unexpected paths of meaning The borrowings are not mere stunts they are inseparable from Ouologuem's radical revision of African history and his rejection of Negritude The table of borrowings in part three of this book will serve as a resource for readers and scholars
