Jackson, 2014-07-02 Gunnar

Myrdal's *An American Dilemma* 1944 influenced the attitudes of a generation of Americans on the race issue and established Myrdal as a major critic of American politics and culture. Walter Jackson explores how the Swedish Social Democratic scholar, policymaker and activist came to shape a consensus on one of America's most explosive public issues.

Admirals of the World William Stewart, 2014-11-26 This work provides biographies of more than 500 men and women who have served as admiral, vice admiral or rear admiral. While officers from the U.S., British, French and Japanese navies make up the bulk of the work, officers from 22 countries including Australia, Canada, Germany, India, Italy, the Netherlands, Russia and Spain are also included. The main criterion for inclusion is that each person must have actively served in the rank of at least rear admiral but not necessarily in enemy action. This effectively rules out people who were granted the rank on retirement as a courtesy title or posthumously. The book also includes lists of admirals organized by nationality and by year of birth.
