ESSAY QUESTIONS (2009 – B. E. C. E)

Question.1

- a). Simplify: $\frac{1200 \times 1260}{800}$ and write your answer in standard form.
- b). A plot of land measures 25 m by 12 m. A portion of this plot measuring 8 m by 8 m is used for the cultivation of vegetables. Find the area of the plot not cultivated.
- c). The table below shows the performance of Aisha in her final examination.

Subject	Score
English Language	54%
Mathematics	36%
Ga	68%
Science	50%
Social Studies	32%

Draw a pie chart to represent this information.

Solution

(a). $\frac{1200 \times 1260}{800} = \frac{12 \times 1260}{8} = 3 \times 630 = 1890 = 1.89 \times 10^3$

b). Area of plot of land = $25\text{m} \times 12\text{m} = 300\text{m}^2$

Area of land used for the cultivation of vegetables = $8\text{m} \times 8\text{m} = 64\text{m}^2$

Area of land left uncultivated = $300 - 64 = 236\text{m}^2$

c). Total score of the subjects
 $= 54\% + 36\% + 68\% + 50\% + 32\% = 240\%$

Subject	Score	Angle of sector
English Language.	54%	$\frac{54}{240} \times 360^\circ = 81^\circ$
Mathematics	36%	$\frac{36}{240} \times 360^\circ = 54^\circ$
Ga	68%	$\frac{68}{240} \times 360^\circ = 102^\circ$
Science	50%	$\frac{50}{240} \times 360^\circ = 75^\circ$
Social Studies	32%	$\frac{32}{240} \times 360^\circ = 48^\circ$

this book on English Language essay writing I decided to move away from the traditional way of some authors flooding their English Language essay writing books with so many sample essays based on my experiences as an English teacher some years back Many pupils students have the habit of memorizing written essays found in books and reproduce them during examinations class exercises or when given project home work when they see that the question being asked is similar to the answered one they came across I hope the experts in the educational sector will agree with me that this does not augur well for the proper development of the child because he she would not have the opportunity to think and plan on his her own before writing a script with originality I stand to be corrected if I am mistaken It is in line with this that I have given only single sample essays per essay topic treated with more suggested outlines plans Most people often fail to plan their lives and this usually have disastrous effects on them Also in writing examination most candidates fail to plan their essays before answering selected questions As the old adage says If you fail to plan you plan to fail It is based on the above that in writing this book I dedicated the first chapter to the basics of essay writing Below is an excerpt of chapter one of the book After highlighting on the basics of essay writing I went ahead to discuss what paragraphs are and how they can be used in our daily writings This is followed by the use of punctuation marks Here again I have given a comprehensive write up as to how punctuation marks can be used to enrich our written works Other topics covered in the book are writing of narrative essays descriptive essays friendly letters semi formal letters summary writing argumentative essays speeches and talks report writing articles for publication expository essays and advertisement After a comprehensive logical and coherent treatment of each topic I followed up with sample questions outlines plans and essays These are only to serve as a guide to users of the book I will like to take this opportunity to entreat teachers to encourage pupils students whom they teach to learn how to write an outline plan and to use it when answering essay related questions not only with English language but with all other subjects that they deem it fit to apply Some people may not see the usefulness of the outline plan but it helps the pupil stude
