

9. Incorrect numbering of answers to questions or sub-questions in SECTION A and B will be severely penalised. Therefore, correct numbering is strongly recommended in all sections.
10. No additional credit must be given for repetition of facts. Indicate with an 'R'.
11. Note that no marks will be awarded for indicating Yes/No in evaluation type questions requiring substantiation or motivation. (Applicable for SECTION B and C)
12. The differentiation between "evaluate" and "critically evaluate" can be explained as follow:
- 12.1 When "evaluate" is used, candidates are expected to respond in either a positive/negative manner or take a neutral (positive and negative) stance, e.g. Positive: *"COIDA eliminates time and costs spent on lengthy civil court proceedings."* []
- 12.2 When "critically evaluate" is used, candidates are expected to respond in either a positive/negative manner or take a neutral (positive and negative) stance. In this instance candidates are also expected to support their responses with more depth, e.g. *"COIDA eliminates costs and time spent on lengthy civil court proceedings [], because the employer will not be liable for compensation to the employee for injuries sustained during working hours as long as it can be proved that the business was not negligent."* []

NOTE: The above could apply to "analyse" as well.

13. The allocation of marks must be informed by the nature of the question, cognitive verb used, mark allocation in the marking guideline and the context of each question. Cognitive verbs such as:
- 13.1 Advise, name, state, mention, outline, motivate, recommend, suggest (*list not exhaustive*) do not usually require much depth in candidates' responses. Therefore, the mark allocation for each statement/answer appears at the end.
- 13.2 Describe, explain, discuss, elaborate, compare, distinguish, differentiate, justify, devise, analyse, evaluate, critically evaluate (*list not exhaustive*) requires a greater depth of understanding, application and reasoning. Therefore, the marks must be allocated more objectively to ensure that assessing is conducted according to established norms so that uniformity, consistency and fairness are achieved.
14. Section B
- 14.1 If for example, FIVE facts are required, mark the candidate's FIRST FIVE responses and ignore the rest of the responses. Indicate by drawing a line across the unmarked portion or use the word "Cancel".

NOTE: This applies only to questions where the number of facts is specified.
