we had the opportunity to host such a conference *Unlocking Multilingual Learners' Potential* Diane Staehr Fenner, Sydney Snyder, Meghan Gregoire-Smith, 2024-01-10 Bring classroom content to life for multilingual learners In this eagerly anticipated revision of their bestselling book authors Diane Staehr Fenner Sydney Snyder and Meghan Gregoire Smith share dynamic research backed strategies that every educator of multilingual learners MLs can add to their repertoire Including more of what educators loved from the first edition authentic classroom examples a wide variety of research based instructional strategies and practical tools to implement across grade levels and content areas this is the ultimate practical guide to unlocking the potential of MLs in K 12 classrooms With fresh graphics and eye catching colors this thoroughly revised edition also includes Considerations for newcomers and students with interrupted or no formal education SLIFE An added chapter on building scaffolded instruction and peer learning opportunities into MLs academic reading and writing activities Additional opportunities for reflection and application A new unit planning template aligned with research based instructional practices including a completed example unit Situated within five core beliefs that frame the must haves for MLs equitable and excellent education *Unlocking Multilingual Learners Potential* is a guide to research based practices and a toolbox of strategies every educator can implement to make content accessible and increase language proficiency among MLs **Critical Comprehension [Grades K-6]** Katie Kelly, Lester Laminack, Vivian Vasquez, 2023-01-25 Because high level comprehension cannot be divorced from wide ranging texts To be literate is to think through multiple perspectives exploring diverse texts and using the power of story to give students the life skills to discuss just about anything with critical curiosity *Critical Comprehension* transforms this vital work into an accessible three step lesson process Using picture books multimodal texts and thoughtfully framed questions each differentiated lesson expands students understanding of a text through First read the movie read during which the text is read without interruption Second read The teacher poses questions that probe deeper meanings through interaction with the text to summarize name and highlight issues analyze and infer to make more informed decisions about what to believe and what to question Third read Harnessing students curiosities the class revisits the text to talk back to theme symbols central idea or social cultural historical influences at work on author and audience Popular media classic novels breaking news the world s content is ready for students to absorb But are we ready to help them read it well Equipped with this resource the answer is Yes we are *The Education Invasion* Joy Pullmann, 2017-03-14 Most Americans had no idea what Common Core was in 2013 according to polls But it had been creeping into schools nationwide over the previous three years and children were feeling its effects They cried over math homework so mystifying their parents could not help them even in elementary school They read motley assortments of informational text instead of classic literature They dreaded the high stakes tests in unfamiliar formats that were increasingly controlling their classrooms How did this latest and most sweeping reform of American education come in mostly under the radar Joy Pullmann started tugging on a thread of reports from worried parents and frustrated teachers and it led to a big

tangle of history and politics intrigue and arrogance She unwound it to discover how a cabal of private foundation honchos and unelected public officials cooked up a set of rules for what American children must learn in core K 12 classes and how the Obama administration pressured states to adopt them Thus a federalized education scheme took root despite legal prohibitions against federal involvement in curriculum Common Core and its testing regime were touted as an absolute game changer in public education yet the evidence so far suggests that kids are actually learning less under it Why then was such a costly and disruptive agenda imposed on the nation s schools Who benefits And how can citizens regain local self governance in education so their children s minds will be fed a more nourishing intellectual diet and be protected from the experiments of emboldened bureaucrats The Education Invasion offers answers and remedies

Early Language Learning in Context

David Hayes,2022-08-19 This book critically analyses early school foreign language teaching policy and practice foregrounding the influence of the socioeducational and cultural context on how policies are implemented and assessing the factors which either promote or constrain their effectiveness It focuses on four Asian contexts Malaysia South Korea Sri Lanka and Thailand while providing a discussion of policy and practice in Canada and Finland as a comparison Concentrating on the state school sector it criticises the worldwide trend for a focus on English as the principal or only foreign language taught in primary schools founded on a rationale that widespread proficiency in English is important for future national success in a globalised economy It maintains that the economic rationale is not only largely unfounded and irrelevant to the language learning experiences of young children but also that the focus on English exacerbates system inequalities rather than contributing to their reduction The book argues for a broader perspective on language learning in primary schools one that values multilingualism and knowledge of regional and indigenous languages alongside a more diverse range of foreign languages This book will appeal to educational policymakers researchers and students interested in early foreign language learning in state educational systems worldwide

Innovation in China William H.A. Johnson,2015-07-22 The word innovation is often used today regarding China as if the concept were new to the Eastern country Most people know however that China was a juggernaut in creating new technologies and at one time was the innovation king of the world but that was at least seven centuries ago Today the great oriental power is attempting once again to take the throne of innovation for its own This desire to usurp the throne which had been diligently taken by the West during the Scientific Revolution has placed an almost unrealistic emphasis on innovation In Innovation in China The Tail of the Dragon the author explores the issues and actors involved in making innovation the emphasis in China He uses a simple systems model of innovation and various perceptual lenses The lenses are aimed at the historical economic political legal educational and cultural elements of an innovation based society After reading the book the reader will understand more about how innovation is happening in China and by whom More importantly the reader will begin a journey of learning more about where the country is going as it relentlessly continues its drive to create an innovation based society and to become

once again in terms appropriate to its history the Emperor of Innovation *The Handbook of Dual Language Bilingual Education* Juan A.
