Kill Thy Neighbor:

Night of the Living Dead Christian Matt Mikalatos,2011-09-16 What does a transformed life actually look like In his follow up to the critically acclaimed Imaginary Jesus Matt Mikalatos tackles this question in an entertaining and thought provoking way with MONSTERS While Christians claim to experience Christ s resurrection power we sometimes act like werewolves who can t control our base desires Or zombies experiencing a resurrection that is 90 percent shambling death and 10 percent life Or vampires satiating ourselves at the expense of others But through it all we long to stop being monsters and become truly human the way Christ intended We just can t seem to figure out how Night of the Living Dead Christian is the story of Luther a werewolf on the run whose inner beast has driven him dangerously close to losing everything that matters Desperate to conquer his dark side Luther joins forces with Matt to find someone who can help Yet their time is running out A powerful and mysterious man is on their trail determined to kill the wolf at all costs By turns hilarious and heartbreaking Night of the Living Dead Christian is a spiritual allegory that boldly explores the monstrous underpinnings of our nature and tackles head on the question of how we can ever hope to become truly transformed *The Underbelly* Evelyn Cole,2012-03-31 An upmarket adult novel with comic undertones The Underbelly is aimed primarily at women but several men who read it confessed to having a crush on Trishita One wanted her to run for president of the United States Trishita McCabe 25 six feet tall and redheaded wants an education in order to escape the slums and her alcoholic mother Her father a visiting professor from Scotland knows naught of her She has supported her mother and small half brothers by working full time since age twelve and feels trapped by their need When the little brothers are rescued away she develops the courage to find employment as a live in maid where she hopes to learn the ropes of the middle class Dr Jacquelyn Hyde assistant superintendent of a large suburban school district suffers from a secret obsession to break up people s collections of useless things like empty beer bottles or Lalique figurines She lives with her husband and two teen aged children in a beautiful home in a suburban town She reads Trishita s well written varied and phony letters of recommendation and hires her Their stories collide Proceedings Friends General Conference (U.S.). assault to genocide from assassination to massacre violence usually emerges from inside the fold You have more to fear from a spouse an ex spouse or a coworker than you do from someone you don't know In this brilliant polemic Russell Jacoby argues that violence erupts most often and most savagely between those of us most closely related An Indian nationalist assassinated Mohandas Gandhi the father of India An Egyptian Muslim assassinated Anwar Sadat the president of Egypt and a recipient of the Nobel Peace Prize An Israeli Jew assassinated Yitzhak Rabin the Israeli prime minister and similarly a recipient of the Nobel Peace Prize Genocide most often involves kindred groups The German Christians of the 1930s were so closely intertwined with German Jews that a yellow star was required to tell the groups apart Serbs and Muslims in Bosnia like the Hutu and Tutsi in Rwanda are often indistinguishable even to one another This idea contradicts both common sense and the collective wisdom of teachers and preachers who declaim that we fear and sometimes should fear the other the dangerous stranger Citizens and scholars alike believe that enemies lurk in the street and beyond where we confront a clash of civilizations with foreigners who challenge our way of life Jacoby offers a more unsettling truth it is not so much the unknown that threatens us but the known We attack our brothers our kin our acquaintances our neighbors with far greater regularity and venom than we attack outsiders Weaving together the biblical story of Cain and Abel Freud's narcissism of minor differences insights on anti-Semitism and misogyny as well as fresh analyses of civil bloodbaths from the St Bartholomew's Day Massacre in the sixteenth century to genocide and terrorism in our own time Jacoby turns history inside out to offer a provocative new understanding of violent confrontation over the centuries In thinking about the bad we reach for the good he says in his Introduction This passionate counterintuitive account affords us an unprecedented insight into the roots of violence
