Captured at Singapore Jan Slimming, Jill Robertson, 2022-08-11 What would it be like to leave your loved ones behind knowing you may never see them again Then depart on a ship in the dead of night heading for an unknown destination and find yourself in the heat of a battle which concludes in enemy conditions so terrible that your survival in captivity is still under threat Cultivated from a small faded address book secretly written by a young soldier in the Royal Army Service Corps Captured at Singapore is a POW story of adventure courage resilience and luck In 1940 Londoner Stanley Moore became Driver T 170638 and trained for desert warfare along with many others in the British Army s 18th Division Their mission they thought was to fight against Hitler and fascism in the Middle East But in a change of plan and destination he and his fellow servicemen became sacrificial lambs on a continent much further from home After tough rudimentary combat training in England Stan s division set off on a secret overseas mission After months at sea and several unexpected ports of call their convoy was redirected to the other side of the world as the Imperial Japanese Army rampaged across Manchuria Hong Kong and other parts of Asia Singapore was under sole British jurisdiction and a large naval base had been built after the First World War to defend the island at the foot of the Malay Peninsula The British Government believed Japan would never attack their prize territory and so left Singapore to fight for itself with limited troops and outdated equipment But after an attack on Pearl Harbor the under trained and undersupplied 18th Division was redirected to fight the Japanese Using extensive

research and personal documents the authors account via their father s small faded diary and his 1990 tape recording tells of Stan s journey and arrival in Keppel harbor under shellfire the horrific 17 day battle to defend the island the Japanese Admonition and the harrowing forced labour conditions after capitulation Only a small percentage of the 85 000 British troops returned after the war Captivity and years of trauma ultimately stole years of the young soldiers lives which they were later ordered to forget by the British Government The aim of this work is to provide information for future generations to understand how ordinary men died under horrific conditions of war and how the lucky survived

Prisoners of the Empire Sarah Kovner, 2020-09-15 A pathbreaking account of World War II POW camps challenging the longstanding belief that the Japanese Empire systematically mistreated Allied prisoners In only five months from the attack on Pearl Harbor in December 1941 to the fall of Corregidor in May 1942 the Japanese Empire took prisoner more than 140 000 Allied servicemen and 130 000 civilians from a dozen different countries From Manchuria to Java Burma to New Guinea the Japanese army hastily set up over seven hundred camps to imprison these unfortunates In the chaos 40 percent of American POWs did not survive More Australians died in captivity than were killed in combat Sarah Kovner offers the first portrait of detention in the Pacific theater that explains why so many suffered She follows Allied servicemen in Singapore and the Philippines transported to Japan on hellships and singled out for hard labor but also describes the experience of guards and camp commanders who were completely unprepared for the task Much of the worst treatment resulted from a lack of planning poor training and bureaucratic incoherence rather than an established policy of debasing and tormenting prisoners The struggle of POWs tended to be greatest where Tokyo exercised the least control and many were killed by Allied bombs and torpedoes rather than deliberate mistreatment By going beyond the horrific accounts of captivity to actually explain why inmates were neglected and abused Prisoners of the Empire contributes to ongoing debates over POW treatment across myriad war zones even to the present day
