Rothermel, Laura J. Shepherd, 2023-05-22 This book brings together a variety of innovative perspectives on the inclusion of gender in the governance of counter terrorism and violent extremism Several global governance initiatives launched in recent years have explicitly sought to integrate concern for gender equality and gendered harms into efforts to counter terrorism and violent extremism CT CVE As a result commitments to gender sensitivity and gender equality in international and regional CT CVE initiatives in national action plans and at the level of civil society programming have become a common aspect of the multilevel governance of terrorism and violent extremism In light of these developments there is a need for more systematic analysis of how concerns about gender are being incorporated in the governance of counter terrorism and violent extremism and how it has affected gendered practices and power relations in counterterrorism policy making and implementation Ranging from the processes of global and regional integration of gender into the governance of terrorism via the impact of the shift on government responses to the return of foreign fighters to state and civil society led CVE programming and academic discussions the essays engage with the origins and dynamics behind recent shifts which bring gender to the forefront of the governance of terrorism This book will be of great value to researchers and scholars interested

in gender governance and terrorism The chapters in this book were originally published in Critical Studies on Terrorism
