Ladies Home Journal Address Change:

The Ladies' Home Journal Edward William Bok, 2007 Women's Periodicals in the United States Kathleen L.

Endres, Therese Lueck, 1995-07-24 Consumer magazines aimed at women are as diverse as the market they serve. Some are targeted to particular age groups while others are marketed to different socioeconomic groups. These magazines are a reflection of the needs and interests of women and the place of women in American society. Changes in these magazines mirror the changing interests of women, the increased purchasing power of women, and the willingness of advertisers and publishers to reach a female audience. This reference book is a guide to women's consumer magazines published in the United States. Included are profiles of 75 magazines read chiefly by women. Each profile discusses the publication history and social context of the magazine and includes bibliographical references and a summary of publication statistics. Some of the magazines included started in the 19th century and are no longer published. Others have been available for more than a century while some originated in the last decade. An introductory chapter discusses the history of U.S. consumer women's magazines and a chronology charts their growth from 1784 to the present. **The Anchor of My Life** Linda W.

Rosenzweig, 1993-06-01 Relying on women's own words in letters and journals, Rosenzweig refutes the prescriptive literature of the times with its dire predictions of inevitable rifts between Victorian mothers and their daughters, the new women of the twentieth century. Instead, Rosenzweig shows us mothers who rejoiced in their daughters' educational successes and while they did not always comprehend the nature of the changes taking place, were only too happy to see their daughters escape some of their own restrictions and grief. Extremely useful to scholars and teachers of women's history and family history, *The Anchor of My Life* should also be fascinating to the general public for the accurate window that it provides on these complicated family relationships in our history. Laurie Crumpacker, Department of History, Simmons College. Drawing on a broad array of historical sources, *The Anchor of My Life* challenges the common assumption that mother-daughter relationships invariably are characterized by tensions and conflicts. This lively and moving book deserves a wide audience. Emily K. Abel, author of *Circles of Care: Work and Identity in Women's Lives*. The relationship between mothers and daughters has been the subject of much research and study in such fields as psychoanalysis, sociology, and women's studies. But rarely has the history and evolution of this relationship been examined. In *The Anchor of My Life*, Linda W. Rosenzweig draws on a wide range of primary sources: letters, diaries, autobiographies, prescriptive advice or self-help literature, and fiction to reveal the historical nuances of this pivotal relationship. Rosenzweig's distinctive approach focuses on the interaction between mothers and daughters of the American middle class at the turn of the century, revealing that mothers and daughters managed to sustain close nurturing relationships in an era marked by a major female generation gap in terms of aspirations and opportunities. Illustrated with photographs and portraits of the time, *The Anchor of My Life* provocatively challenges the facile late twentieth-century assumption that the mother-daughter relationship is necessarily defined by hostility, guilt, and

antagonism *United States Army Combat Forces Journal* ,1951 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1978 **Imagining Gender, Nation and Consumerism in Magazines of the 1920s** Rachael Alexander,2021-11-02 Offering the first comparative study of 1920s US and Canadian print cultures *Imagining Gender Nation and Consumerism in Magazines of the 1920s* comparatively examines the highly influential *Ladies Home Journal* 1883 2014 and the often overlooked *Canadian Home Journal* 1905 1958 Firmly grounded in the latest advances in periodical studies the book provides a timely contribution to the field in its presentation of a transferrable transnational approach to the study of magazines While Canadian magazines have often been viewed unflatteringly and inaccurately as merely derivative of their American counterparts Rachel Alexander asserts the value of an even handed consideration of both Such an approach acknowledges the complexity of these magazines as collaborative texts cultural artefacts and commercial products revealing that while these magazines shared certain commonalities they functioned in differing at times unexpected ways During the 1920s both magazines were changing rapidly in response to technological modernity altering gender economies and the burgeoning of consumer culture *Imagining Gender Nation and Consumerism in Magazines of the 1920s* explores the influences tensions and interests that informed the magazines construction of their audience of middle class women as readers consumers and citizens *Genre and White Supremacy in the Postemancipation United States* Travis M. Foster,2019 Studies the role popular literature in the systematic racism present in easy going activities ordinary feelings and casual interactions The volume uncovers this history of racial ordinariness through various genres such as campus novels Civil War elegies regionalist sketches and gospel sermon *Baby Boom* Rusty Monhollon,2010-02-09 This engaging collection of essays explores the many ways Americans of every race class gender and political leaning experienced the Baby Boom This revealing new work goes inside the Baby Boom generation to look at how everyday people within the boomer demographic changed and were changed by the course of American history *Baby Boom People and Perspectives* does not focus on one single historic moment but rather follows different groups within the Baby Boom generation as they move through history From the generation gap of the 1950s to the civil rights movement from Vietnam and the counterculture of the 1960s to Watergate and the Reagan era and from the Clinton years to September 11th and the recent resurgence of conservatism this insightful social history shows how Baby Boomers across the breadth of American society experienced and impacted the same historic events differently **Cutting for All!** Kevin L. boycotts and protests but also for less expected aims such as the creation of networks among readers and to the legitimization of their causes At a time when the golden age of print appears to be ending Modern Print Activism in the United States argues that print activism should be studied as a specifically modernist phenomenon and poses questions related to the efficacy of print as a vehicle for social and political change **Real Fantasies** Patricia A.
