revolutionary periods in European history and although Marxist theory clearly owes a debt to Sismondi his preference was evolution not revolution The translation will illuminate the genesis of Marxist ideology and some of the basic causes of its failure Publication of this translation will be welcomed by economists social scientists interested in the history of ideas and those who in Hyse s words wish to follow the mind of a vigorous pamphleteer dealing with the turbulent world of the French Revolution and its lasting aftermath **Œuvres de Turgot Et Documents Le Concernant** Anne-Robert-Jacques Turgot (baron de l'Aulne),1913 **Contributions to American Educational History** United States.
