Passionate Embrace Elisabeth Gerle, 2018-01-01 Protestant ethics has often been associated with work and duty excluding sensuality sexuality and other pleasures In an age of body worship as well as body loathing Elisabeth Gerle explores new paths embarking on a conversation with Martin Luther in dialogue with contemporary theologians on attitudes towards desire ethics and politics She draws on Eros theology to challenge traditional Lutheran stereotypes such as the dichotomies between different forms of love as well as between spirit and body Gerle argues that Luther s spiritual breakthrough where grace and gifts of creation became central provides new meaning to sex and desire as well as to work body and ordinary life Women are seen in a new light as companions autonomous ethical agents part of the priesthood of all This had revolutionary consequences in Europe at the time and it represents a challenge to contemporary theologies with a nostalgic appetite for austerity asceticism and female submission Luther s erotic and genderfluid language is a healthy challenge to oppressive political structures centred on greed profit and competition A revised Scandinavian creation theology and a deep sense of the incarnational mystery are resources for contemporary theology and ethics Pattern making, a practical treatise embracing the main types of engineering construction, by a foreman pattern maker [J.G. Year Undergraduate Programme Embracing Our Finitude Stephan Kampowski, 2018-05-15 Memento mori remember death this is how the medieval monks exhort us Our life given in birth and taken by death is radically marked by finitude which can be a source of great fear and anguish Our finitude however does not in itself need to be something negative It confronts us with the question of our life's meaning and spurs us on to treasure our days Our contingency as evidenced in our birth and death reminds us that we have not made ourselves and that there is nothing necessary about the marvelous fact that we exist Particularly from a Judeo Christian perspective embracing our finitude will mean gratefully accepting life as a completely gratuitous gift and living one s days informed by a sense of this gratitude Conjugal Chastity in Pope Wojtyla Ailbe M. O'Reilly, 2010 Conjugal Chastity in Pope Wojtyla explains how Karol Wojtyla philosopher theologian and Pope tried to show how the sexual act within the context of marriage is an expression of love After explaining how love as goodwill is the foundation of conjugal love the correct relationship between love and justice is clarified The negative dimension of the personalistic norm of Wojtyla is then critically examined Conjugal love is explained in terms of conjugal beneficience based on conjugal benevolence This love leads to total self giving in each conjugal act The procreative meaning of the conjugal act seems to be its most formal element the soul of the act so to speak the unitive element is described as an essential property of this act something which necessarily flows from the conjugal act which is open to life Chastity is the virtue that allows sexuality to be integrated into a love which is truly personal and reflects Trinitarian Love Weaponizing of Language in the Classroom and Beyond Kisha C.
