Medievalism in A Song of Ice and Fire and Game of Thrones Shiloh Carroll,2018 Game of Thrones is famously inspired by the Middle Ages but how authentic is the world it presents This volume offers different angles to the question One of the biggest attractions of George R R Martin's high fantasy series A Song of Ice and Fire and by extension its HBO television adaptation Game of Thrones is its claim to historical realism The author the directors and producers of the adaptation and indeed the fans of the books and show all lay claim to Westeros its setting as representative of an authentic medieval world But how true are these claims Is it possible to faithfully represent a time so far removed from our own in time and culture And what does an authentic medieval fantasy world look like This book explores Martin's and HBO's approaches to and beliefs about the Middle Ages and how those beliefs fall into traditional medievalist and fantastic literary patterns Examining both books and programme from a range of critical approaches medievalism theory gender theory queer theory postcolonial theory and race theory Dr Carroll analyzes how the drive for historical realism affects the books and show's treatment of men women people of colour sexuality and imperialism as well as how the author and showrunners discuss these effects outside the texts themselves SHILOH CARROLL teaches in the writing center at Tennessee State University

Believe Jeremy Egner,2024-11-12 From The New York Times's Jeremy Egner the definitive book on Ted Lasso When Ted Lasso first aired in 2020 nobody including those who had worked on it knew how a show inspired by an ad centered around soccer filled mostly with unknown actors and led by a wondrously mustachioed nice guy would be received Eleven Emmys

and one Peabody Award later it's safe to say that the show's status as a pop culture phenomenon is secure. In *Believe*, entertainment journalist and *Ted Lasso* fan Jeremy Egner traces the show's creation and legacy through the words of the people at its center. Drawing on dozens of interviews from key cast creators and more, *Believe* takes readers from the first silly NBC Premier League commercial to the pitch to Apple executives, then into the show's writers room through the brilliant international casting and on to the unforgettable set and locations of the show itself. Brimming with careful reporting and written to match the show's heart and humor, *Believe* tells a story of teamwork of hidden talent of a group of friends looking around at the world's increasingly nasty discourse and deciding that maybe simple decency still has the power to bring us together a story about what happens when you dare to believe.

[Encyclopedia of Television Film Directors](#) Jerry Roberts, 2009-06-05 From live productions of the 1950s like *Requiem for a Heavyweight* to big budget mini series like *Band of Brothers*, long form television programs have been helmed by some of the most creative and accomplished names in directing. *Encyclopedia of Television Film Directors* brings attention to the directors of these productions, citing every director of stand alone long form television programs, made for TV movies, movie length pilots, mini series, and feature length anthology programs, as well as drama, comedy, and musical specials of more than 60 minutes. Each of the nearly 2,000 entries provides a brief career sketch of the director, his or her notable works, awards, and a filmography. Many entries also provide brief discussions of key shows, movies, and other productions. Appendixes include Emmy Awards, DGA Awards, and other accolades, as well as a list of anthology programs. A much needed reference that celebrates these often neglected artists, *Encyclopedia of Television Film Directors* is an indispensable resource for anyone interested in the history of the medium.

Currents of Comedy on the American Screen Nicholas Laham, 2014-01-10 This book analyzes the evolution of film and television comedy from the 1930s through the present, defining five distinct periods and discussing the dominant comedic trends of each. Chapters cover the period spanning 1934 to 1942, defined by screwball comedies that offered distraction from the Great Depression; the suspense comedy reflecting America's darker worldview during World War II; the 1950s battle of the sexes comedy; the shift from the physical exaggerated comedy of the 1950s to more realistic plotlines and the new suspense comedy of the 1970s and 1980s, focusing on the popular dumb cop or dumb spy series, along with modern remakes including 2006's *The Pink Panther* and 2008's *Get Smart*.
