American Remakes of British Television Carlen Lavigne,Heather Marcovitch,2011-03-31 Ever since Norman Lear remade the BBC series Till Death Us Do Part into All in the Family American remakes of British television shows have become part of the American cultural fabric Indeed some of the programs currently said to exemplify American tastes and attitudes from reality programs like American Idol and What Not to Wear to the mock documentary approach of The Office are adaptations of successful

British shows Carlen Lavigne and Heather Marcovitch's *American Remakes of British Television Transformations and Mistranslations* is a multidisciplinary collection of essays that focuses on questions raised when a foreign show is adapted for the American market. What does it mean to remake a television program? What does the process of Americanization entail? What might the success or failure of a remade series tell us about the differences between American and British producers and audiences? This volume examines British to American television remakes from 1971 to the present. The American remakes in this volume do not share a common genre format or even level of critical or popular acclaim. What these programs do have in common, however, is the sense that something in the original has been significantly changed in order to make the program appealing or accessible to American audiences. The contributors display a multitude of perspectives in their essays. British to American television remakes as a whole are explained in terms of the market forces and international trade that make these productions financially desirable. *Sanford and Son* is examined in terms of race and class issues. Essays on *Life on Mars* and *Doctor Who* stress television's role in shaping collective cultural memories. An essay on *Queer as Folk* explores the romance genre and also talks about differences in national sexual politics. An examination of *The Office* discusses how the American remake actually endorses the bureaucracy that the British original satirized.

Media Depictions of Brides, Wives, and Mothers Alena Amato Ruggerio, 2012-09-27 *Media Depictions of Brides, Wives, and Mothers* edited by Alena Amato Ruggerio explores how television, film, the internet, and other media variously perpetuate gender stereotypes. The contributors to this volume bring a variety of feminist rhetorical and media criticism approaches from across the communication discipline to their analyses of how television, film, news coverage, and the Internet shape our expectations of the performance of women's identities. This collection includes studies of *Bridezilla*, Jon Kate Plus 8, *Sex and the City*, Sarah Palin, Nancy Pelosi, *The Devil Wears Prada*, *Practical Magic*, *momtini* blogs, and *Mad Men* fan websites. Readers will learn to apply the insights from each chapter to their own sets of myths, stereotypes, and assumptions about gendered roles and to recognize the possibilities for both liberation and domination when women's practices of marrying, mating, and mothering are represented and misrepresented in the media. This collection is an essential contribution to media studies and criticism of gender stereotypes in contemporary culture. Read the author's recent interview with Literary Ashland. Law and Justice on the Small Screen Peter Robson, Jessica Silbey, 2012-08-01 *Law and Justice on the Small Screen* is a wide-ranging collection of essays about law in and on television. In light of the book's innovative taxonomy of the field and its international reach, it will make a novel contribution to the scholarly literature about law and popular culture. Television shows from France, Canada, the United Kingdom, Germany, Spain, and the United States are discussed. The essays are organized into three sections: 1. methodological questions regarding the analysis of law and popular culture on television; 2. a focus on genre studies within television programming, including a subsection on reality television; and 3. content analysis of individual television shows with attention to big picture jurisprudential questions of law's efficacy and the promise of

justice The book's content is organised to make it appropriate for undergraduate and graduate classes in the following areas: media studies, law and culture, socio-legal studies, comparative law, jurisprudence, the law of lawyering, alternative dispute resolution, and criminal law. Individual chapters have been contributed by, among others, Taunya Banks, Paul Bergman, Lief Carter, Christine Corcos, Rebecca Johnson, Stefan Machura, Nancy Marder, Michael McCann, Kimberlianne Podlas, and Susan Ross, with an Introduction by Peter Robson and Jessica Silbey.

Native Americans on Network TV Michael Ray FitzGerald, 2013-12-24

The American Indian has figured prominently in many films and television shows portrayed variously as a villain, subservient friend, or a hapless victim of progress. Many Indian stereotypes that were derived from European colonial discourse, some hundreds of years old, still exist in the media today. Even when set in the contemporary era, novels, films, and programs tend to purvey rehashed tropes such as Pocahontas or Man Friday. In *Native Americans on Network TV: Stereotypes, Myths, and the Good Indian*, Michael Ray FitzGerald argues that the colonial power of the U.S. is clearly evident in network television's portrayals of Native Americans. FitzGerald contends that these representations fit neatly into existing conceptions of colonial discourse and that their messages about the Good Indian have become part of viewers' understandings of Native Americans. In this study, FitzGerald offers close examinations of such series as *The Lone Ranger*, *Daniel Boone*, *Broken Arrow*, *Hawk*, *Nakia*, and *Walker, Texas Ranger*. By examining the traditional role of stereotypes and their functions in the rhetoric of colonialism, the volume ultimately offers a critical analysis of images of the Good Indian, minority figures that enforce the dominant group's norms. A long overdue discussion of this issue, *Native Americans on Network TV* will be of interest to scholars of television and media studies, but also those of Native American studies, subaltern studies, and media history.
