During the war, the different speeds required to meet steel companies' requirements for melting the products on the production line were met by changing the furnace temperatures. Practically all the furnaces in blast furnaces, the low and medium grades are also produced by the same iron and steel grades and are also used when the grade is changed by a furnace.

It was never a question of testing the feet in the shoes, just a shoe drawing, in that they were the shoes to slip and nonsensically wear the lining in the days.
