Teaching Gender and Sex in Contemporary America Kristin Haltinner, RYANNE PILGERAM, 2016-04-28 This book provides innovative pedagogy theory and strategies for college and university professors who seek effective methods and materials for teaching about gender and sex to today's students. It provides thoughtful reflections on the new struggles and opportunities instructors face in teaching gender and sex during what has been called the post feminist era. Building off its predecessor *Teaching Race and Anti Racism in Contemporary America* this book offers complementary classroom exercises for teachers that foster active and collaborative learning. Through reflecting on the gendered dimensions of the current political economic and cultural climate as well as presenting novel lesson plans and classroom activities *Teaching Gender and Sex in Contemporary America* is a valuable resource for educators.

Skeletons in the Closet Jan E. Trost, 2011-01-17 *Skeletons in the Closet* consists of ten essays about unresolved or unresolvable family conflicts. The contributors start from the assumption that families, whether legal marriage families, common law marriage families, single parent families, multiple generation families, same sex partnerships or adoptive families, are cradles of intense emotion. That intensity, they argue, may translate into conflict, competition, domination, abuse, exploitation or even hate. This book explores those areas most likely to grip family members in unresolved interpersonal strife as well as the strategies people use to solve the issues and the shame and isolation that conflict brings in societies that normatively expect family life to be one of joy, mutual sharing and caring.
