The Transformation of American Political Culture and the Impact on Foreign Strategy PAN Yaling, 2021-12-30 This book examines the interplay between political culture and diplomatic strategy in the U S revealing the transformation of American political culture and its impact on the country's foreign strategy The theoretical pivot of this study is an analysis of the dynamics of political culture and the mechanisms of the interaction between political culture and diplomatic strategy Given this premise the core chapters revisit the historical transformations of American political culture and analyze the responses and countermeasures taken to attempt to reverse the perceived decline in American hegemony during the presidencies of George W Bush Barack Obama and Donald Trump factors interwoven with security economic and institutional crises The discussion describes the landscape and evolution of contemporary American political culture and the correlated adjustments of U S global strategy over the course of the twenty first century Given the myriad of challenges and political legacies left by its predecessors the author gives a pessimistic prognosis of the prospect of resolving America's political plight by the Joe Biden administration The title will be a valuable reference for academic and general readers interested in American politics U S diplomatic strategy and international relations

Young People, Media and Politics in the Digital Age Vera Slavtcheva-Petkova, 2023-10-27 The book explores the relationship among young people politics and the media It presents a novel multidimensional analytical framework The Circle Line Media Model which accounts for the importance of a range of processes actors and social structures in the political socialisation process By defining political socialisation as a lifelong interactive process that

develops civic cultures collective identities and citizenship underpinned by social structures nationality and generational order the author draws attention to its manifestation in acts of political participation and interactions with authoritative actors such as school teachers family the media and friends peers The volume s longitudinal study on young people Europe and the media spanning 13 years of research in two very different countries also makes recommendations for more effectively engaging young people with politics and political media based on Generation Z s own views about current deficiencies in their relationship with news media Shedding new light on the changing nature of young people s engagement with politics this book will be of interest to researchers lecturers professors and upper level undergraduate and postgraduate students in the fields of media studies communication and journalism studies as well as politics and sociology Politics Recoded Aure Schrock,2024-09-24 The first detailed history of Code for America that examines how democratically designed government systems can collectively improve technology s impact on society For decades tens of thousands of volunteers and employees of Code for America have taken a different path to institutional change through designing and implementing infrastructure In Politics Recoded Aure Schrock employs a robust organizational ethnography to analyze how Code for America s infrastructural organizing changed how politics get exercised showing how we citizens can work directly with the government on projects to improve our collective livelihoods Drawing from theories of organizing social infrastructure racialized organizations technical cultures and intersectionality Schrock argues that our post techlash society must no longer presume that corporate platforms or social networks can level social inequities An underrecognized yet influential organization Code for America emerged from a tech culture background that prioritized networks and publicity over the long slow work of institutional change But its evolution demonstrates how to push beyond the fundamental flaws of tech forward organizing This the first history of Code for America shows how promoting agentic citizenship and brokering in empathy let the organization influence policy at all levels of government and demonstrates why we need to bolster institutions to ensure that everyone is justly represented and receiving the benefits Appealing to those in political science communication and information studies Politics Recoded will empower practitioners and activists to revolutionize technological design and participate in alternative forms of civic engagement The Politics of Vietnamese Craft Jennifer Way,2019-10-03 Jennifer Way s study The Politics of Vietnamese Craft uncovers a little known chapter in the history of American cultural diplomacy in which Vietnamese craft production was encouraged and shaped by the US State Department as an object for consumption by middle class America Way explores how American business and commerce department stores the art world and national museums variously guided the marketing and meanings of Vietnamese craft in order to advance American diplomatic and domestic interests Conversely American uses of Vietnamese craft provide an example of how the United States aimed to absorb post colonial South Vietnam into the Free World in a Cold War context of American anxiety about communism spreading throughout Southeast Asia Way focuses in particular on the part played by the renowned American designer

Russel Wright contracted by the US International Cooperation Administration's aid programs for South Vietnam to survey the craft industry in South Vietnam and manage its production distribution and consumption abroad and at home. Way shows how Wright and his staff brought American ideas about Vietnamese history and culture to bear in managing the making of Vietnamese craft.

Comparative Hong Kong Politics Mathew Y. H. Wong, 2017-04-03 This guidebook for students offers a survey of comparative politics intended for use in Hong Kong. Hong Kong is one of the world's great cities but its political future has never been hazier. Mass protests, contested elections, a 2047 transition causing uncertainty in financial and business elites for Hong Kong: it is the best of times as well as the worst of times. Hong Kong University politics scholar Matthew Wong brings a clear-headed and fact-based approach, introducing Hong Kong to scholars of comparative politics even as he introduces comparative politics to students in Hong Kong. With this new area-specific reference work, a mix of theory and insights into how political theory can be of value in understanding the case of Hong Kong, complete with datasets and quantitative information that helps to disentangle fact from myth. For Hong Kong residents, scholars, students, and members of civil society, this book will be a breath of fresh air.

The Rise of Duterte Richard Javad Heydarian, 2017-09-15 This book draws on the extensive literature on populism, democracy, and emerging markets, as well as interviews with senior government officials, experts, and journalists in the Philippines and beyond. This book is the first to analyze the significance and implications of the rise of Filipino president Rodrigo Duterte within a rapidly changing Asia-Pacific region. As China's power in the Pacific grows rapidly, nations that have traditionally been US allies such as the Philippines are experiencing political convulsions. Duterte's open willingness to realign towards China at the expense of America in exchange for infrastructure investment is one of the clearest indicators of what China's rise might look like for nations around the world. Timely, precise, accessible, and fast-paced, this book will be of value to scholars, journalists, policy makers, and China watchers.

An Introduction to Engaged Buddhism Paul Fuller, 2021-08-12 This textbook introduces and explores the ideas, practices, and philosophy of engaged Buddhism. The movement holds that suffering is not just caused by the cravings of the mind but also by political and social factors; therefore, engaged Buddhists engage with social issues to achieve liberation. Paul Fuller outlines the movement's origins and principles. He then offers a comprehensive analysis of the central themes and issues of engaged Buddhism, offering new insights into the formation of modern Buddhism. The range of issues covered includes politics, gender, environmentalism, identity, blasphemy, and violence. These are illustrated by case studies and examples from a range of locations where Buddhism is practised. Discussion points and suggested further reading are provided at the end of each chapter, which will further enrich undergraduates' grasp of the topic.
