## Homecoming

Homecoming is an annual tradition in the United States. People, towns, high schools and colleges come together, usually in late September or early October, to welcome back alumni and former residents. It is built around a central event such as a banquet and, most often, a game of football, or, on occasion, basketball, ice hockey or soccer. When celebrated by schools, the activities vary widely. However, they usually consist of a football game played on the school's home football field, activities for students and alumni, a parade featuring the school's marching band and sports teams, and the coronation of a Homecoming Queen (and at many schools a Homecoming King). A dance commonly follows the game or the day following the game. When attached to a football game, Homecoming traditionally occurs on the team's return from the longest road trip of the season. The game itself, whether it be football or another sport, will typically feature the home team playing a considerably weaker opponent. The game is supposed to be an "easy win" and thus weaker schools will sometimes play lower division schools.
