High School Interactive Notebooks Social Studies:

Book Steven Berbeco, 2011-08-19 Abstract In this study I propose a strong and innovative model of teaching that centers on the student and I report on the efficacy of this model using quantitative research procedures This model of teaching is systematized in the Marhaba curriculum a method of teaching first year high school Arabic that I designed tested and evaluated The Marhaba curriculum is founded on best practices and is a natural outgrowth of contemporary education theories including non linear curriculum design and multiple modality teaching materials that take into consideration students diverse learning styles Analysis of data indicates that use of the Marhaba curriculum positively influences student proficiency in Arabic In particular students become proficient regardless of a student s gender grade socioeconomic status or parent educational background Also student proficiency is not dependent on a student s attitude to learning or engagement in class or a student s attitude toward the curriculum

An Introduction to Educational Research Chad R.

Lochmiller, Jessica N. Lester, 2015-12-11 Written specifically for education practitioners An Introduction to Educational Research Connecting Methods to Practice approaches research methods from a practice first perspective that aligns research with professional experiences and identifies the tools and resources readers can use when conducting their own research Throughout the book authors Chad R Lochmiller and Jessica N Lester illuminate complex research concepts using problems of practice confronting educators to help readers make meaningful connections with key concepts and research practices The authors present balanced coverage across research methodologies that is linked to practice so readers clearly see research as a tool they can use to improve classrooms schools districts and educational organizations
