Highland Hunger Highland Wars Series 1:

History of Everyday Life in Scotland, 1800 to 1900 Graeme Morton, 2010-08-31 This volume explores the experience of everyday life in Scotland over two centuries characterised by political religious and intellectual change and ferment It shows how the extraordinary impinged on the ordinary and reveals people s anxieties joys comforts passions hopes and fears It also aims to provide a measure of how the impact of change varied from place to place The authors draw on a wide range of primary and secondary sources including the material survivals of daily life in town and country and on the history of government religion ideas painting literature and architecture As B S Gregory has put it everyday history is an endeavour that seeks to identify and integrate everything all relevant material social political and cultural data that permits the fullest possible reconstruction of ordinary life experiences in all their varied complexity as they are formed and transformed

Military History of Scotland Spiers Edward M. Spiers, 2014-07-11 The Scottish soldier has been at war for over 2000 years Until now no reference work has attempted to examine this vast heritage of warfare A Military History of Scotland offers readers an unparalleled insight into the evolution of the Scottish military tradition This wide ranging and extensively illustrated volume traces the military history of Scotland from pre history to the recent conflict in Afghanistan Edited by three leading military historians and featuring contributions from thirty scholars it explores the role of warfare in the emergence of a Scottish kingdom the forging of a Scottish British military identity and the participation of Scots in Britain s imperial and world wars Eschewing a narrow definition of military history it investigates the cultural and physical dimensions of Scotland s military past such as Scottish military dress and music the role of the Scottish soldier in art and literature Scotland s fortifications and battlefield archaeology and Scotland s military memorials and museum collections Glencoe and the End of the Highland War Paul Hopkins, 2001-01-01 Paul Hopkins an authority on early Jacobitism sets the Massacre of Glencoe in its true context The book describes the tensions in the Highlands between the Restoration and the End of the Revolution and the influence on the Highlands of national politics Besides filling a blank in our knowledge of the Highlands in the decade following the Massacre the book transforms our perspective on lowlands politics by showing that the Inquiry was part of a secret patriotic campaign to break the aristocracy s political stranglehold and increase the Scottish parliament s powers

Landscapes of Protest in the Scottish Highlands after 1914 Iain J.M. Robertson, 2016-04-15 In November 1918 the implementation of agrarian change in the Scottish Highlands threatened another wave of unemployment and eviction for the land working population which led to widespread and varied social protest Those who had been away on war service and their families faced returning to exactly the same social and economic conditions in the Scottish Highlands they had hoped they had left behind in the struggle to make a land fit for heroes Widespread and varied social protest rapidly followed It argues that previously there has been a failure to capture fully the geography chronology typology and rate of occurrence of these events The book not only offers new insights and a greater understanding of what was happening in the

Highlands in this period but illustrates how a range of forms of protest were used which demand attention not least for the fact that these events unlike most of the earlier Land Wars period were successful There are functioning townships in the Highlands today that owe their existence to the land invasions of the 1920s The book innovatively concentrates on formulating explanation and interpretation from within and looks to the crofting landscape as base means and motive to disturbance and interpretation It proposes that protest is much more convincingly understood as an expression of environmental ethics from the bottom up coming increasingly into conflict with conservationist views expressed from the top down It focuses on individual case studies in order to engage more convincingly with an important evidential base that of popular memory of land disturbances and to adopt a frame and lens through which to explore the fluid and contingent nature of protest performances Based upon the belief that in the study of landscapes of social protest the old shibboleth of space as solely passive setting and symbolic register is no longer tenable is paid here to nature culture interactions to vernacular ecological b

Life and Death Matters Barbara Rose Johnston, 2016-06-03 The first edition of *Life and Death Matters* was a breakthrough text centralizing the experiences of those on the front lines of environmental crises and forging new paradigms for understanding how crises emerge and how different groups of actors respond to them This second edition fully updated with both expanded and new chapters once again provides a benchmark for the field and opens important pathways for further research Authors reassess the state of scholarship and grassroots activism in a new century when social and environmental systems are being reconceptualised within post 9 11 security and biosecurity frameworks when global warming and resource scarcity are not fears but realities when global power and politics are being realigned and when ecocide ethnocide and genocide are daily tragedies This bold new edition of *Life and Death Matters* will be a widely used textbook and essential reading for students scholars and policy makers

A Very Fine Class of Immigrants Lucille H. Campey, 2007-05-15 P E I was the first Canadian area to acquire Scottish pioneers Its colonization by Scots occurred when the process of immigration and settlement was in its infancy

The Highland Clearances Eric Richards, 2000 In this account of the Highland Clearances of the 18th century Eric Richards draws attention to the brutal evictions as being one amongst many solutions to the problem of maintaining marginal and unfertile land and reasserts that as we enter the 21st century we have yet to find a solution

The Complete Poetical Works of Robert Burns Robert Burns, James Currie, 1868

Frontier Tibet Stéphane Gros, 2025-10-01 *Frontier Tibet* Patterns of Change in the Sino Tibetan Borderlands addresses a historical sequence that sealed the future of the Sino Tibetan borderlands It considers how starting in the late nineteenth century imperial formations and emerging nation states developed competing schemes of integration and debated about where the border between China and Tibet should be It also ponders the ways in which this border is internalised today creating within the People's Republic of China a space that retains some characteristics of a historical frontier The region of eastern Tibet called Kham the focus of this volume is a productive lens through which processes of place making and frontier dynamics can

be analysed Using historical records and ethnography the authors challenge purely externalist approaches to convey a sense of Kham s own centrality and the agency of the actors involved They contribute to a history from below that is relevant to the history of China and Tibet and of comparative value for borderland studies *Eighteenth Century Scotland* Tom M.
